MISSIONARY.

American Board of Commissioners for Foreign Missions.

SIXTIETH ANNIVERSARY.

Third Day's Proceedings.

Morning Session.

The American Board of Foreign missions reassembled in the Third Presbyterian Church, Sixth avenue, yesterday morning, the Chairman, Rev. Dr. Hopkins presiding.

The meeting was called to order at half past nine o'clock by the Chairman and opened with prayer by Rev. J. F Stearns.

The congregation united in singing the hymn commencing

"To us a child of hope is born."

The minutes of the preceeding day were read and approved.

REPORTS OF COMMITEES.

SANDWICH ISLANDS.

Rev. Jno. Danielson, from the Committee on the Sandwich Islands and Micronesia Missions, presented the report of the Committee, as follows:

The Committee on the Sandwich Islands and Micronesia Missions would offer the following report:

The progress of the work of Missions and the Gospel on these islands, as repsented in the Secretary's Annual Report, most clearly indicates that there has been a decided advance during the period covered by this report. The problem may now be considered as fully solved, that Christianity has become firmly and permanently established in that region of the globe. In reading over this report we regard the following points as meriting special notice; and calling renewed gratitude to the great Head of the Church.

First. It appears from this report that the Hawaiian churches have become self-sustaining so far as the native ministry is concerned.

Second. The effort to provide native pastors for the Hawaiian churches has been most successful.

Third, The encouragement which the Hawaiian churches are giving to the cause of Foreign Missions—viz: in the Micronesian and Marquesan Islands—is especially commendable, and affords a most gratifying evidence of the genuineness of piety among Hawaiian Christians.

Fourth. The Religious awakening among the Chinese in the Sandwich Islands and the efforts of the Hawaiian Board in this department of Christian labor, indicated that God's special blessing rests upon this undertaking. We feel it to be our duty to urge upon the Prudential Committee of the A. B. C. F. M. the importance of pressing upon the Hawaiian Board, that efforts in behalf of both the Chinese and Japanese on the Islands should not be relaxed, but increased. The Providence of God clearly indicates that the future welfare of the Hawaiian churches manifestly depends upon the Christianizing of the oriental element in the Hawaiian Society.

The report was accepted and adopted.

NESTORIAN MISSION.

Rev. Dr. Rodgers presented the report of the Nestorian mission. The report of the Committee on this mission was briefly as follows: The general progress has been very satisfactory and calls for gratitude and praise. At the same time, however, the return to this country of the female assistants and the declining health of Dr. Perkins, the Father of the mission, awaken deep regret. The removal to the higher sphere, of such men as Stoddard and such women as Miss Fiske, challenge submission to the Divine Providence. It is trusted that the change of the name of the mission to the "Mission of Persia" will prove truly prophetic of enlarged endeavors about to be made to evangelize the people of that land.

MADURA MISSION.

Rev. Dr. Weldon presented the following report:

The report on the Madura Mission seems to your Committee very favorable. They would especially commend the effort made in this Mission to raise the standard of Christian benevolence and to stimulate the churches to become, as far as possible, self-sustaining. They are also gratified to notice that so much attention has been given to the proper training of Christian men and women from among the natives for the various departments of Christian work.

Report accepted and filed.

FINANCIAL.

Gov. Buckingham, Chairman of the Committee, to whom was referred the Treasurers account, reported that they found them correct in every particular. The permanent funds appear to be safely invested in property of more value than the original cost. The report waa accepted.

NOMINATIONS.

Mr. Chapin, Chairman of the Committee on Nominations, reported the following:

The Committee to nominate officers for the ensuing year, recommend the following:

For President—Mark Hopkins, D. D., L. L. D.

For Vice President—Hon. William E. Dodge.

For Prudential Committee—Chas. Stoddard, Esq., Augustus C. Thompson, D. D., Walter Griffiths, Esq., Hon. Alpheus Hardy, Hon. Lineus Child, Rev. Albert Barnes, Robert R. Booth, D. D., Abner Kingman, Esq., James M. Gordon, Esq., Rufus Anderson, D. D., Ezra Farnsworth, Esq., Edmund K. Alden, D. D.

For Corresponding Secretaries—Rev. Selah B. Treat, George M. Woods, D. D., Nathaniel G. Clark, D. D.

For Recording Secretary—Rev. Jno. O. Means.

For Treasurer—Langdon S. Ward.

For Auditors—Joseph S. Ropes, Esq., Thos. H. Russell, Esq.

It is with regret that your committee have heard of the failing health of Nehemiah Adams, D.D., which has compelled him to decline a re-election of the Prudential Committee, and they offer for your consideration the following:

Resolved, That we tender to Nehemiah Adams, D.D., our hearty thanks for his constant and efficient service as a member of our Prudential Committee for thirty three years, and express to him our sincere sympathy in this time of his protracted illness. With the hope that he may yet be so spared in health and strength as to do much good service in the cause he has served so well.

The report was accepted, and the resolution was adopted.

The report was laid over until the afternoon session.

SYRIAN MISSION.

Mr. Pearson, Chairman of the Committee to whom was referred the paper from the Prudential Committee on the Syrian Mission, presented the report of the Committee:

The Mission in Syria seems peculiarly sacred by reason of its proximity to the scenes hallowed by the Savior's cradle and cross, footsteps and prayers, tears and blood.

The leading events were the organization of a Theological Seminary for the training of native Missionaries, the Syrian College, the Female Seminary at Birut and the Female School at Sidon. These institutions were commended as subjects for special prayer. The Theological Seminary has an able corps of professors and seventy students. It is interesting to reflect that we are now carrying the blessings of a Christian education to the very land over which the day-star of our salvation first arose.

The churches are very prosperous, one of them devoting $1,400 in gold yearly to benevolent ends. A press is furnishing Christian literature to the Douzes, Maronites and Moslems.

In resigning the mission in Greece to the care of the American and Foreign Christian Union, sorrow is expressed at the loss of Dr. Jonas King, who, while doing his whole duty, won the respect of his persecutors and prosecutors. Dr. Kalopothakes is working with true Spartan bravery, and is himself a sufficient proof that the labors of Dr. King were not in vain.

The report was accepted and approved.

The congregation then united in singing the hymn commencing:

"A charge to keep I have,
A God to glorify."

REPORT ON THE WEST AND SOUTH AFRICAN MISSIONS.

Rev. Dr. Fairchild presented the report of the Committee on the African Missions:

The Board has two Missions in Africa, the Gaboon Mission on the Western Coast, and the Zulu Mission in South Africa. The Gaboon Mission embraces two stations and two schools, with a mission family at each, who have continued the work with fidelity, but with increasing difficulties. The growing foreign influence has demoralized and even exterminated some of the tribes upon the coast, and their places have been occupied by a more powerful tribe from the interior, which is already falling under the same influences, and native helpers are more difficult to secure or retain, and the out stations have consenquently suffered.

A considerable number of native converts have relapsed into heathenism, but during the present year things have begun to look more hopeful. One of the two missionaries employed there has, after twenty years' labor, returned home to recruit. The other has been at work for twenty-eight years, and must soon be relieved. So that, if the mission is to be sustained, reinforcements must soon be sent. The Zulu Mission has been carried on with the usual successful vigor, and the work has been satisfactory, although heathenism yields slowly to the gospel light. Polygamy is hard to conquer, and there is little hope of any considerable reform in this respect. Their chief hope lies in the young people. Indications of a tendency to relapse have also been observed of late.

The Schools of the Mission are in a particularly satisfactory condition.

There is a High School for boys and one for girls, besides seventeen common schools, which are raising up efficient helpers. The Committee thinks there is danger that the wants of Africa may be overlooked.

Rev. Dr. Bushnell, Missionary in South Africa, was then introduced by the Chairman, and addressed the meeting at considerable length, relative to the affairs under his charge and controll, and the Missionary work generally. His remarks were earnest and feeling, and of a highly interesting character.

The report was then accepted and approved, after which the congregation united in singing the missionary hymn.

"From Greenlands icy mountains;
From Indias coral strands;
Where Afric's sunney fountains,
Roll down their golden sands."

Prof. Fairchilds, of Oberlin college, then delivered a prayer with special reference to the African Missions.

Rev. Mr. Noble, at this point made announcements of meetings, &c., during the day.

MAHRATTA MISSION.

The report on the Mahratta Mission was presented by Dr. Marsh.

The Committee on the Mahratta mission presented a lengthy report. Extensive progress has been made in membership and the important matter of self-support. Many persons have pledged one-tenth of their income in support of the pastor. Thirteen of the twenty-three churches are now in the care of native pastors, and these men perform the work with a diligence and efficiency deserving of the highest commendation.

The report closes as follows:

Our brethren in this field are full of faith and courage. They neither complain nor despond. The last year has been one of progress, and they hope for better things in the future. They all have double work to do, and not one of their Central Stations has been more than half manned for years, and four important stations are in charge of missionaries who reside at a distance, and who have more than they can do in their own ground. And so this Mahratta mission must close its annual report with the supplicating cry which is lifted up by our missionary brethren in all heathen countries: "Come over and help us."

The report was accepted and approved.

ABSENTEES—DECLINATION.

The Secretary stated that letters had been received from a number of members of the Board in explanation of their absence, and read a letter from N. Adams, declining re-election as a member of the Prudential Committee. The letter was received and filed.

CEYLON MISSION.

Rev. Dr. Goodwin presented the report of the Committee on the Ceylon Mission, as follows:

The committee, to whom was referred the paper upon the Ceylon Mission, respectfully report:

That we have been very deeply interested in the details as to the whole management of the field and the evident proofs of the Divine blessing attending the labors put forth. The establishment of schools and the manner of training assistants was specially commended by the Committee. "In fact," the Committee say in this respect, "there seems to be nothing lacking," and they think the Mission Church in Ceylon might be taken for a model.

Rev. Mr Quick, Missionary to Ceylon, was introduced and delivered a highly interesting address relative to the workings of the mission with which he was connected, and closed by appealing for help.

CHINA MISSIONS.

Governor Page, Chairman of the Committee on the China Mission submitted the following report:

The Missions in China have made encouraging progress during the year. The number of laborers in this field have been increased by the addition of eleven, making in all that have been sent out under this Board and now in the work, thirty-eight. To these we must add the native agency of preachers and teachers, thirty-three, and we have a total of seventy-one persons engaged in evangelizing China.

The work of preparation is well begun and the fruits of toil are just beginning to be gathered. The Scriptures are translated—schools are established. The Gospel is preached, conversions are reported, churches are formed, but the great ingathering of souls is yet to come. Should not the great question be, can we hasten it in our day?

Rev. Mr. Blodget, who had spent several years as a missionary in China, was introduced by the Chairman and addressed the Board on the report.

The report was then accepted and approved.

The congregation united in singing the 22nd hymn commencing

"Lo, the land of Sinim waking,
Touched by rays of sacred light,
Glimmerings from the Orient breaking,
O'er the darkness of her night."

COMMITTEE NOMINATED.

Rev. Mr. Andrews presented the report of the Nominating Committee relative to the next place of holding the meeting and preachers. The following gentlemen were nominated a Committee on these subjects: W. S. Griffiths, Esq., Rev. H. M. Stowe, D. D., Rev. S. B. Canfield, D. D., Samuel Small, Esq., and Rev. C. P. Bush, D. D.

Report accepted and the nominations confirmed.

NORTH AMERICAN INDIANS.

Hon. W. E. Dodge presented a lengthy and ably prepared report on North American Indian Mission, replete with interesting details and important statistics of the working of the Mission.

Rev. Mr. Green, a young man who has consented to go as Missionary to Japan, was introduced and addressed the Board, after which the hymn commencing:

"The harvest time is near"

was sung by the congregation, and Rev. Dr. Dearston delivered a feeling prayer on behalf of the young minister who was about to take his departure for Japan.

JAPAN MISSION.

Hon Mr. Barston, from the Committee, to whom was referred the Special Paper upon Japan reported

That they deem it unnecessary further to argue a subject so ably discussed in the paper laid before them, and that they unanimously concur in the conclusion to which it points. The case is, in the main, a clear one. Here is a great and staple nation, of high intellectual capacity and social progress, dwelling in a delightful land, but living without the knowledge of Christ. The good Providence of God has peacefully opened that land to a full contact with the Christian nations of the world. *Our nation* was God's honored instrument in effecting this contact with western civilization. The same Providence has thus far left to the nation that opened the door the work of entering with the gospel. Four or five missionaries only, so far as we learn, have gone to this population of from twenty to forty million souls. The Japanese mind is believed to be eminently accessible, and these first missionary labors have received the seal of the Holy Spirit. But the emissaries of a corrupt Christianity are already pushing their way thither.

Meanwhile this Board, as it recedes from fields already occupied for the sake of the churches it represents, needs the healthful stimulus of some new object of Christian love and labor, and some new landmarks of progress. A young brother who is heir to the Christian sympathies of the generations, and personally and favorably known to this Committee, is ready to go in and occupy the opening field.

Under these circumstances, the call seems to us clear and urgent. The Board and the Church it represents cannot afford to lose the quickening influences of this new Mission. The immediate expense is not great. But were it greater, it is simply idle to question the *ability* of our churches to meet it. The real questions concerns their spirit of consecration and the thoroughness with which the cause of missions is pressed home upon them. Let us, therefore, enter this interesting field, and "in the name of the Lord our God will we set up our banners."

We therefore recommend the adoption of the following resolution:

Resolved, That the proposal of the Prudential Committee to establish a Mission in Japan, commends itself to the judgment, and receives the full and hearty approbation of the Board.

AMERICAN AND WEST TURKEY MISSION.

Rev. Mr. Robbins, from the Committee to whom had been referred the paper on the American and West Turkey Mission, presented an elaborate and lengthy report on the subject and progress of the missionary work in that field. The churches and Sabbath schools are well systematized, and the contributions from the different churches average $5 for each church member, making a total of $15,000 in gold, which state of affairs the Committee consider highly encouraging. The establishment of a Theological Seminary for young men and a boarding school for young women, the Committee consider worthy of the special commendation of the Board.

Rev. Mr. Leonard, a Missionary in Turkey, was next introduced and addressed the meeting, giving a detailed account of the workings of the Mission.

MISSIONARIES AND NATIVE MINISTERS.

Rev. Mr. Patterson presented the following:

The Committee appointed to report on the Special Report in regard to "The Relations of Foreign Missionaries and Native Churches and Ministers" deem it unnecessary to enter at all into the consideration of the points presented in the paper that has been referred to them.

The subject of the Special Report is obviously one which is attended with delicacy and difficulty and has, in our judgment, been treated in the report with a wise regard to the teachings of experience and the embarrassments that are encountered in some of the Missionary fields. In nearly all the views presented in the paper before us, the Committee unanimously concur though not fully agreed with respect to a single point.

The remarks of the Prudential Committee touching "the relations of the missionaries and the native churches when formed" "to each other" must command, we think, the unreserved approval of the Board and its friends. With regard to the connection of missionaries with the native element in ecclesiastical organizatians, which is considered in the report, there may be room for an honest diversity of judgment. The question in relation to the constitutiou of ecclesiastical organizations on missionary ground, must, as the committee suggest, be decided by "the missionaries and native churches and pastors for themselves." The opinion expressed by the Prudential Committee as to the wisest policy regarding this point we leave open, for the unbiassed consideration of those by whom the practical question must be ultimately decided. All the other features of the report we heartily approve, deeming the paper as a whole eminently judicious, and recommending that it be published under the direction of the Prudential Committee in such form as they may deem expedient.

HOME DEPARTMENT.

Rev. Dr. Stearns, to whom was referred the paper on the Home Department, presented a lengthy and elaborate report, which was accepted and adopted.

Rev. Mr. Treat announced that since the report had been written he had received a letter announcing the death of Rev. Geo. F. Patton, of the Home Department, which fact he desired to incorporate into the report, and moved that the report be so amended. Adopted.

PLACE OF MEETING AND PREACHERS.

Mr. Griffiths, from the Committee on Place of Meeting and Preachers, submitted the following: Your Committee recommend that the next meeting be held in Brooklyn, New York. Preacher—Jonathan F. Stearns, D.D; alternate, T. W. Post, D.D. Committee of Arrangements—R. S. Storrs, Jr., D.D., S.T. Spear, D.D., Rev. Henry Ward Beecher, T. L. Cuyler, D.D., W. J. Buddington, D.D., H. M. Storrs, D.D., Norman Seaver, D.D., Walter S. Griffiths, Simon B. Chittendon, Nathan Lane, A. S. Barnes, Edward A. Lambert, J. S. Bailey, J. T. Hutchinson, James Robinson, Esqs., with power to add to their number and fill vacancies.

On motion, the report was accepted and adopted.

The Board then adjourned until four o'clock.

The Woman's Board.

The annual meeting of the Woman's Board was held in the First Church, commencing at nine and a half o'clock yesterday morning. The exercises consisted principally of addresses and the reading of reports, from which it appeared that the work under the care of this branch of the Commissioners, was in a very flourishing condition. The meeting continued until noon, and was highly enjoyed by the ladies, who alone were admitted to its session.

Sacramental Services.

The Communion services which occupied the afternoon session were peculiarly solemn and impressive. Christian laborers from many fields of toil, missionaries from foreign lands and workers here at home, the silver haired and young, gathered around the sacramental board with tender and sacred feeling.

"They break the bread and drink the wine—
The solemn scene is o'er.
And newly strengthened for the toil,
They gird themselves once more."

Meeting at the First Church.

The meeting at the First Presbyterian Church last evening was large and the exercises interesting.

The meeting was called to order at half past seven o'clock by Hon. A. C. Barstow, of Providence, Chairman, and the exercises were opened by singing the hymn commencing:

"Jesus shall reign where e'er the sun."

The Chairman then read a portion of the sixty-seventh Psalm, after which, Rev. Mr. Scovel, Pastor of the Church, in a fervent prayer invoked the divine blessing on the labors of the American Board of Missionaries the present week.

The Hymn commencing

"Arm of the Lord awake, awake"

was then sung, at the conclusion of which Rev. E. O. Bartlett, of Providence, R. I., was introduced by the Chairman, and addressed the meeting at considerable length.

Rev. Mr. Hastings, who has spent a number of years in the Ceylon Mission, was next introduced by the Chairman, and addressed the meeting. The speaker gave many interesting details connected with the Ceylon Mission, relating a number of incidents showing how ready the natives of Ceylon were to receive the Scriptures and profit by their teachings. He referred to the progress in civilization which was due to the labors of the Mission. There had been great progress, the speaker stated in the matter of self support. All the churches now take care of their churches and support their own poor and meet many of their incidental expenses. One church was self sustaining and many others soon would be, so that the money heretofore needed to sustain the mission might be expended in extending the field of labor. The native Christians seem to take a more lively interest in the cause of Christ, and more fully appreciate the fact that the labor of extending the gospel must, to a great extent, be performed by them. The prayers and symyathy of the Christian world were needed by the native ministers.

At the conclusion of his remarks the congregation sang the hymn commencing

"The morning light is breaking."

The Chairman then introduced Hon. Wm. E. Dodge, Vice President of the American Board of Missions, who addressed the meeting at length on the subject of sending the Gospel to the heathen. He urged the christians of this land to a more lively interest in the missionary cause. He urged the re-establishment of the monthly concert.

C. C. Coffin, Esq., "Carleton" of the Boston *Journal*, was then introduced and spoke at considerable length, setting forth the obstacles Missionaries have to contend with.

At the conclusion of Mr. Coffin's address, which was one of the most feeling and impressive that has been delivered during the session of the Board, the congregation sang the hymn commencing:

"Blest be the tie that binds
Our hearts in Christian love."

Rev. Mr. Hastings pronounced the benediction and the meeting adjourned.

Last Evening at the Third Church.

Another very large audience attended the session last evening, at the Third Presbyterian Church, which was presided over by the Rev. Dr. Hopkins.

The exercises were opened with a voluntary by the choir after which the Rev. Dr. Condit, of the Auburn Theological Seminary led the audience in prayer.

The eleventh hymn was then sung commencing:

"Ye servants of God your master proclaim,
And publish abroad his wonderful name"

The Rev. Dr. Hopkins was the first speaker. He talked for over half an hour, with eloquence and earnestness, on the general cause of missions, and was listened to with marked attention.

Next came the Rev. H. M. Storrs, of Brooklyn, who argued at some length the necessity of more individual effort in support of the cause. He pressed the personal responsibility of each lover of the Master, in reference to the work which could only be sustained abroad in this manner as it was sustained at home. If the American churches failed in their duty, the missions under their care would certainly fail also. Much had already been done, it was true, but a great harvest field still lay ready for the reapers. He hoped the coming year would be productive of still greater success and more intensified activity in the glorious toil.

The Rev. N. G. Clark, Foreign Secretary of the Board, was the last speaker. He dwelt at length, and in a practical, pertinent style upon the hopes and encouragements received by the Board in the prosecution of their work. Among these he read letters which had been received, containing sums of money, which were donated, often by persons not by any means rich in this world's goods, but which came as a thankful heart-offering with the earnest prayers of the givers that the money might in some measure help on the work. Such evidences of an interest in the work by the people were full of encouragement. Another ray of hope was found in the interest which the women of the churches were taking in the work. Already this influence had been felt, and from it the Board expected the grandest results. The Women's Missionary Associations, which some of the churches had organized and which it was hoped would soon be found in all of them, were full of encouragement. Still another evidence of encouragement was the review of the work which had already been accomplished. In many places where a few years ago the missionaries were jeered and hooted at, they were now received with joy, and had established churches and Sunday schools, and were gradually bringing the people to the light and knowledge of the truth.

Last, but greatest of all, it seemed as if God had been specially opening the way for his laborers in those foreign fields, and had been working also among his people here. The churches were beginning to appreciate its importance more than ever, and were putting forth greater efforts.

The speaker concluded with an earnest exhortation for renewed diligence and individual effort in the work.

The Rev. Dr. Patterson closed the exercises with prayer, and the audience were dismissed with the benediction.

The Penn Street Homicide.

The Coroner's jury in the case of Eddie Loos, the boy who was shot by his brother on Penn street, Monday, met yesterday, when the following testimony was taken:

John Loos, Jr., recalled—I got a pistol from a boy in the alley on Monday. It was a revolver. I gave Bill Stein a quarter for the pistol. The boy gave me a cartridge with the pistol. I put it in the pistol and went up stairs to where my brother was. I had cocked the pistol. My brother took the pistol in his hand to look at it. Afterwards, in getting it from him, the pistol went off, shooting my brother in the face. I told my mother all about what occurred. My father did not know until mother told him. The reason that I told a wrong story yesterday was that a boy who knew that I had a pistol told me that they would hang me. When the pistol went off I was trying to take it from my brother. I had hold of the handle when it went off. He was trying to look in the barrel when it went off. I put the pistol in the cupboard, and when the people came I took it and threw it in the privy.

At the conclusion of his testimony the jury, after a brief deliberation, returned the following verdict:

That Edward Loos came to his death on the 4th day of October, 1869, in the Twelfth ward, city of Pittsburgh, from the discharge of a pistol accidentally exploded as his brother, John Loos, was endeavoring to take it from the deceased.

George Warner, indicted for the larceny of a piece of satin from the store of Philip Graff, plead guilty, and was remanded for sentence.

The next case takenu was that of the Commonwealth vs. Richard Bennett, indicted for felonious assault and battery. The accused was a boy, about thirteen years of age, and it appears that his father is the owner of a farm upon which there is an orchard, from which Anthony Rump, the prosecutor, was taking some fruit, when, as it is alleged, the defendant shot at and wounded him. The jury returned a verdict of "not guilty of the felony, but guilty of simple assault and battery or misdemeanor, and owing to the extreme youth of the boy, we recommend him to the mercy of the Court."

By direction of Judge Mellon, the verdict was recorded as follows: "Not guilty of the felony charged, but guilty of a misdemeanor in unlawfully shooting and wounding."

Mr. Moreland, one of the counsel, for the defendant moved for a new trial in avert of judgment and asked that the verdict be recorded as rendered by the jury.

The next case taken up was the Commonwealth vs. Waidler, indicted for larceny, James Murry prosecutor. The prosecutor alleged that he had left a carpet bag in a tavern kept by defendant on or about the 5th of July last. A few day subsequently he called for his carpet bag and the defendant denied having it in his possesion. Verdict of not guilty.

The case of the Commonwealth vs. John Kuetz and Charles F. Good, indicted for obstructing an officer in the discharge of his duty. C. H. Simmons, prosecutor. It appears that the prosecutor had a search warrant for a dog which was in the possession of Good, and after he had got the dog in his power, Good and Kuetz, the defendants, interfered with him, and took the dog from him. On trial.

AN Indiana town boasts a giant who has by his great size vanquished the ague. That embarrassing affliction attacked him the other day and worked four days to shake him all over, but failed and left in disgust.

JOHN CHENOWITH, a prominent farmer and cattle trader living near Springfield, Ohio, committed suicide at the Exchange Hotel, in Columbus, on Monday morning. His actions indicated mental derangement.

IN New London county, Conn., the Jewett City Lyceum has decided that it is not prudent for the United States to increase her territory. Canada and Cuba may as well stop "knocking at the door" until this decision is reversed.

THE District Judge of Monroe, La., has declared a mortgage drawn in French to be valueless, on the ground that the State Constitution requires all such contracts to be made and recorded in English. The case has been appealed.

THE young gymnast who was killed at Cherry Valley, Illinois, a few days since, by falling from a double trapeze, had promised his father to quit the business as soon as his engagement was finished—of which that at Cherry Valley was the last night.

IT IS a fashionable sport among the young girls of Fond du Lac, Wisconsin, to collect on the sidewalk and compel their young gentlemen friends to go out in the muddy street, but a local paper calls the practice "boiled cussedness with the scum on."

LYMAN RAWSON, of Rumford, Me., formerly Judge of Probate of Oxford county, has been indicted by the Grand Jury of that county for fraudulently altering a deed of real estate. He pleaded not guilty, and was admitted to bail in three thousand dollars.

A COLORED woman confined in jail at Savannah, Ga., the other day gave birth to twins—a son and daughter. The daughter is as black as the ace of spades, and the son is as white as any of the descendants of the Puritans who landed at Plymouth rock a long time ago.

THREE years ago a Georgia planter sold his plantation for $9,000. As the purchaser was unable to make the payments, he was compelled to take the land back and cancel the bargain. Since then he has made three good crops of cotton on the land, and a few days ago he sold it for $18,750.

AT Evansville, Indiana, a young girl remarkable for the beauty of her hair, went into a wood-house of the family with which she lives, where she was seized suddenly by the hair and one of her braids was cut off with some sharp instrument by a person who sprang into an alley and escaped.

AT Cedar Grove, Ind., recently, Mrs. Susan Backhouse, widow of the late Allen Backhouse, formerly of Philadelphia, was attempting to remove a box of honey from one of her beehives, and in attempting to do so was stung on the side of the face, about the temple, and in less than ten minutes was a corpse.

THE Association of Defrauded Soldiers, at New York, numbers one hundred and fifty members, all of whom have been cheated out of bounty or pay, most of them to the amount of $100, by bogus claim agents. They claim reimbursement from the Government, and have resolved to test the question in court.

COLUMBUS, Ohio, is suffering from a visitation of caterpillars, at which the local press is much disgusted. One editor avers that he cannot pass under the branches of a tree but one drops down his bare neck, and adds that "they get on one's most sensitive parts, and mash themselves there, out of pure cussedness."

IN a friendly game of billiards at the Sherman House, Chicago, a few evenings since, Frank Parker, the present champion of Illinois, who had agreed to play a hundred or no count with an amateur, achieved the extraordinary and unprecedented run of 1,122 points, push shot and crotchet barred, caroms counting three, upon a second-sized carom table.

THE Grand Masonic bodies of Ohio meet this year at Cleveland. THE Petersburg *Express*, after reading the statement that the Minnesota Democratic State Convention indefinitely postponed a resolution opposing the Fifteenth Amendment, says that these Northwestern Democrats are really beginning to discover that the Democratic principles of Buchanan went down with the rebellion.

THERE are Irish judges in France as well as elsewhere. A man was charged recently, before one of the tribunals, with drunkenness and assaulting the police. The judge said: "Are you married, prisoner?" "No, *mon president*." "Then, so much the better for your wife and family. I shall give you three days' imprisonment."

A VENERABLE clergyman was called upon at Swampscott, Illinois, the other evening, to make his first "charge." With more common sense than ceremony, he created a commotion among the congregation by advising the young pastor to make an early acquaintance with the members of his parish, and not long delay in selecting one as a wife and establishing "a home."

DE WITT CLINTON ROBINSON, for twelve years Superintendent of the Evansville and Wabash Telegraph Company, died suddenly of heart disease on the 4th. An hour previous to his death he was at work upon his books, and the last entry he made was "30," (which means "the end.") He walked home, sent for a doctor, complaining of a singular sensation about his heart, but before the doctor arrived he was dead.

AN operative in a Holyoke paper mill, George B. Emerson, has been enjoying the dangerous luxury of four wives: one in Maine, another in New Hampshire, a third in Iowa, and a fourth in Michigan—his last acquisition. She lived with him till quite recently, when she discovered his true character, and returned to her home. Emerson, who is a native of New Hampshire, and about forty years of age, has left for parts unknown.

A FEW days since a well-known lawyer of Waterbury, Conn., bought a railroad ticket for New Haven, and after taking a seat in the car, found on looking over his change that the agent had given him one dollar too much. He accordingly returned, and, after informing the agent of his mistake, handed back the money. For a moment the agent stood speechless, then he grasped him by the hand and exclaimed: "Please stand still, sir, and let me look at you—and a lawyer, too!"

DR. ISAAC POWELL, Health Officer of San Francisco, in his last annual report, says that from the commencement of the ravages of the smallpox in that city to their close was marked by symptoms so unlike smallpox as to mislead some of the ablest practitioners in their diagnoses. The proportion of deaths to the number of cases was very great, and during the prevalence of the epidemic, scarlet fever and measles prevailed to a greater extent than in previous years, and a very malignant and grave type.

HERE is *Le Follet's* latest evening costume: "White muslin over rose colored silk. The muslin skirt is trimmed with a gathered flounce, vandyked at each edge, and is short enough to show the plaited flounce of the underskirt. Two long pattes, rounded and trimmed with lace, full on each side, upon which are placed three bouquets of flowers. Puff of muslin, forming a panier and looped up by a bouquet of flowers. Rose taffeta body, cut square and low. Chemisette of white muslin, opened and crossed in front; bouquet at the sides. Short sleeves."

RAW BEEF, it is asserted, proves of the greatest benefit as a diet for persons of frail constitutions. It is reported that physicians are now administering to consumptives a diet of finely chopped raw beef, properly seasoned with salt, and heated by placing the dish containing it in boiling water. This food is given also in cases where the stomach rejects almost every other form of food. It assimilates rapidly, and affords the best nourishment, while patients learn to long for it and to like it as much as Dr. Kane did his Arctic dinners of raw seal and walrus.

AT a "Spiriritual" sitting in Hartford, recently, there was present a woman who mourned the loss of her consort, and, as the manifestations began to appear, the spirit of the departed Benedict entered upon the scene. Of course the widow was now eager to engage in conversation with the absent one, and the following dialogue ensued: Widow—"Are you in the spirit world?" The Lamented—"I am." Widow—"How long have you been there?" The Lamented—"O, some time." Widow—"Don't you want to come back and be with your lonely wife?" The Lamented—"Not if I know myself, it's *hot* enough around here."

WINE-MAKING has begun in the warmer districts of California. The yield this year is expected to be only half as large as that of last season, but the wine will be of a better quality. The Buena Vista estate, in Sonoma county, said to be the largest vineyard in the world, contains five thousand acres, four hundred and fifty acres being covered with vines which grow so luxuriantly that they have to be planted in ridges eight feet apart, while in Europe from three to four feet is generally sufficient. The vineyard contains grapes of all varieties, but those chiefly grown are the Reisling, Muscatel, and Mission, the latter being the native grape. The labor employed is almost wholly Chinese, but a few Frenchmen and Germans from European wine districts attend to the cellars and superintend the wine-making.

HASTY judgment is invoked upon the mean fellow who stole several umbrellas from the vestibule of a church in Reading last Sunday evening.

STATE ITEMS.

E. W. PANGBORN, defaulting Collector of Cameron county, has been arrested.

THE Erie *Dispatch* has donned a new dress and presents a decidedly improved appearance.

THE jewelry store of C. D. Buck, in Reading, was robbed on Monday night of articles to the value of $4,000.

THE Presbyterian congregation at Mingo, Washington county, have "called" Rev. James R. Hughes, of Indiana county.

THE Williamsport horse fair commences on the 19th and will continue four days. Premiums to the amount of $21,600 will be given.

THE gas works at Reading having been damaged by the recent freshet, it became necessary for the citizens to resort to lamps and "tallow dips."

THE Erie county Medical Society, at a meeting held at North East this week, adopted the recommendation of a conference of delegates, representing Erie Crawford and Venango, that measures be taken to extend to those counties the provisions of a law regulating medical practice in Lehigh and several other counties in the State.

REV. W. G. HAMPSON, of Woodcock, Crawford county, died on Friday of last week at the age of seventy years. He was born in Huntingdon county, was a graduate of Jefferson College, studied theology at Princeton, was licensed to preach by Erie Conference in 1820, was ordained by the same body, and installed as Pastor of the Presbyterian church of Titusville and Concord. Subsequently his time was divided between the churches of Titusville and Cherry Tree, and several years since he took charge of the churches of Gravel Run and Cambridge.

THE men, Neil McLaughlin, Hugh Mara and James Dougherty, who made the recent murderous assault on Revenue Officer Brooks in Philadelphia, at the supposed instigation of certain parties of high standing in that city, were arrested at New York on Sunday evening last. McLaughlin, who drove the carriage in which the assassins escaped, consented to return to Philadelphia without requisition, and he was sent there in charge of an officer. They have all been identified by those who witnessed the assault. McLaughlin has voluntarily confessed, in addition, that they committed it. Philadelphia detectives had been on their track since the day after the assault, and one of them arrived at New York the day after their arrest.

THE October term of the Philadelphia Quarter Sessions Court commenced on Monday. Judge Ludlow, in charging the Grand Jury, said: "There is a carnival of crime now raging, and it is false to say that it is confined to the city and county of Philadelphia. It spreads itself to all our great cities. The battle rages more fiercely than ever between virtue on the one side and vice upon the other. The irresistible logic of facts has developed the fallacy of the system that has been put in vogue by the humanitarian ideas of the day. I have frequently been censured for being too severe in my judgment upon crime; but I point to the present condition of affairs to prove that the punishment and not the reformation of the offender is the true remedy ot secure the safety of the community. Why, look at the present system. The convict, instead of being punished for his depredations upon society, is taken to the penitentiary, and there, for his reformation, he is treated as a boarder at a hotel. Much has been said against the extreme cruelty of the old criminal codes, but I tell you that in the end it will be found more efficient in preventing crime than this reformatory principle. I mean to punish crime, and I hope the passengers who sail with us will at least remain quiet while we direct the course of the ship through the storm. * * * The moment the felon is convicted the Executive Chamber is besieged by applications for his pardon; and the petition is signed by the most respectable of our citizens, not even excepting clergymen. Here is to be found the great cause of crime: because the offender never knows that he is sure to be punished, in the true sense of the term: he is only to be reformed, and in most cases believes he will not even be convicted."

The Hornet.

A Washington dispatch says: At the meeting of the Cabinet to-day the case of the *Hornet* was considered, and after consultation it was agreed to hold her. There appears to be no doubt whatever that she is a Cuban privateer, and as was indicated in these dispatches last evening, the Administration had no alternative, according to precedent and international law, but to detain her until her character shall have been determined. Nearly all the members of the Cabinet sympathize with the cause of the Cubans as warmly and earnestly as did the late Secretary Rawlins, but in this case the line of duty was plain and could not be avoided. The whole subject has attracted a great deal of attention in diplomatic circles, and the the probable course of the United States Government has been thoroughly canvassed.

The representative of one of the foreign Powers here received the following dispatch this morning from the Consul of his Government at Halifax, N. S: "The consignees of the Hornet are Wilkinson and Wood. The latter was formerly Aid-de-Camp to Jefferson Davis, and was afterward commander of the Tallahassee. The whole scheme is run by ex-Confederates, who hope to make Cuba the basis of operations."

There is, of course, a great deal of discussion on this subject in official circles. The opinion in the Cabinet to-day was unanimous that the officers of the Hornet had become alarmed or proved unfaithful to the cause they had espoused, and had, in order to escape from an unpleasant position, run the ship into a United States port. The law in the case must take its course, and the future disposition of the ship will have to be decided by the United States Commissioner. It is held by the friends of Cuba that inasmuch as she cleared from a British port, she will have to be released.

Questions for Democrats.

Did Asa Packer do what he could to crush the rebellion?

Wouldn't his $20,000,000 have gone far to help to feed and clothe the soldiers?

How much money did Asa Packer give to Christian and Sanitary Commissions?

Did Asa Packer, like Gov. Geary, lose a son in the army?

Asa Packer, with all his money, skulks from paying his taxes. Is he a safe man to trust as Governor.

DR. WHITTIER
CONTINUES TO TREAT ALL private diseases. Syphilis in all its forms, all urinary diseases, and the effects of mercury are completely eradicated; Spermatorrhea or Seminal Weakness and Impotency, resulting from self-abuse or other causes, and which produces some of the following effects, as blotches, bodily weakness, indigestion, consumption, aversion to society, unmanliness, dread of future events, loss of memory, indolence, nocturnal emissions, and finally so prostrating the sexual system as to render marriage unsatisfactory, and therefore imprudent, are permanently cured. Persons afflicted with these or any other delicate, intricate or long standing constitutional complaint should give the Doctor a trial; he never fails.
A particular attention given to all Female complaints, Leucorrhea or Whites, Falling, Inflammation or Ulceration of the Womb, Ovaritis, pruritis, Amenorrhoea, Menorrhagia, Dysmenorrhoea, and Sterility or Barrenness, are treated with the greatest success.
It is self-evident that a physician who confines himself exclusively to the study of a certain class of diseases and treats thousands of cases every year must acquire greater skill in that specialty than one in general practice.
The Doctor publishes a medical pamphlet of fifty pages that gives a full exposition of venereal and private diseases, that can be had free at office or by mail for two stamps, in sealed envelopes. Every sentence contains instruction to the afflicted, and enabling them to determine the precise nature of their complaints.
The establishment, comprising ten ample rooms, is central. When it is not convenient to visit the city, the Doctor's opinion can be obtained by giving a written statement of the case, and medicines can be forwarded by mail or express. In some instances, however, a personal examination is absolutely necessary, while in others daily personal attention is required, and for the accommodation of such patients there are apartments connected with the office that are provided with every requisite that is calculated to promote recovery, including medicated vapor baths. All prescriptions are prepared in the Doctor's own laboratory, under his personal supervision. Medical pamphlets at office free, or by mail for two stamps. No matter who have failed, read what he says. Hours 9 A. M. to 8 P. M. Sundays 1 P. M. to 2 P. M. Office, No. 9 WYLIE STREET, (near Court House,) Pittsburgh, P

PETROLEUM MARKET.

OFFICE OF PITTSBURGH GAZETTE, THURSDAY, October 7, 1869.

There is no improvement to note in the oil business as yet, and the dullness and stagnation which has so long prevailed still continues. Refiners cannot sell at present prices, for the very good reason, that there is no margin, and speculators with the past experience staring them in the face are not disposed to sell "short;" prices have been so uniform of late that there has not been much chance to speculate with any degree of success, as there has been nothing in it to justify the risk increased. Most of the oil sold "short" within the past three or four months, has made but very little money for the sellers—in many instances they realized just about enough to pay commissions, so that in fact it may be said they realized nothing. And what it is true of the shorts, is equally applicable to the "longs"—we refer to those who have been carrying big stocks, from month to month in hopes of realizing higher prices. In fact, there has been but little money in the business, in any shape or form this year, at least so far as Pittsburgh is concerned, and we understand that this is the experience of most, if not all, of the refining districts. On the other hand, producers must have made very handsomely, as they have been realizing big prices all the year.

CRUDE.

Not a single sale in this market. New York sold Philadelphia 1,000 bbls for this month, at 31¾; the bulls thought this was a sham made for effect. PITTSBURGH LIVE STOCK MARKET.

PENN'A CENTRAL STOCK YARDS, THURSDAY, October 7, 1869.

CATTLE.

The market has been considerably stronger this week under the influence of favorable advices from the east, and a material falling off in the receipts, and, compared with last week, all grades a shade higher, and even the advance, sales were made with less difficulty. One drove of fancy Southern Ohio steers brought 8¼, but this is a fancy price and cannot be fairly taken as an index of the market, though the same cattle, last week would not have brought more than 8, perhaps 7¾. As will be seen by reference to the report of sales, the most of the good cattle, such as are usually brought by the best New York and Philadelphia dealers, changed hands at from 7¾ to 7¾@7¾. Light cattle, such as are bought by Lancaster and Chester Co. stock dealers, sold at from 4½@5¼, and the demand for this class of stock was considerably better than last week. Bulls sold at from 3 to 3½@4, according to quality and condition.

SHEEP.

The market for this class of stock is also much better, more active and stronger than last week, and good to medium grades were higher, and all kinds sold more readily that last week; of strictly prime sheep there were none in market, Quotations may be fairly given as follows: Scalawags $1,50 per head; 70 to 75 lb sheep, 3½@4 cts., 70 to 80, 4@4¼; 85 to 90, 4½@5; and prime 100 lb, 5¼@5¾. New York bought nearly all the sheep offered thus far this week, Philadelphia shipper, for some reason or other, did not buy very freely—perhaps the Yorkers made the prices a little to steep for them.

HOGS.

The hog market is weak and dull, and compared with last week, prices are ¼ to ½ lower, with a supply in the pens today somewhat in excess of the demand. We now quote Philadelphia hogs at 10¾@10¾@11—there was a sale yesterday of fancy at 11¼, and York hogs at 9½@10.

Live Stock Markets.

NEW YORK, October 7.

The great flood by washing away or burying the roads prevent our getting supplies. No through stock trains have arrived on either of the roads, hence the only animals to trade in are those picked up near home and some left from former markets. There were only 400 fresh cattle to-day mostly collected along the Harlem Railroad. In Dutchess county, this side of the break in that road there were 530. State beeves in addition were sold at ¼@¼c advance, but there was not enough stock for a lively trade. Butchers held back for the detained droves. They will probably arrive for Friday and find a quick sale. The range to-day was 10@16¼c, most sales being between 14@16c. Only 1,660 sheep arrived, and the receipts of yesterday were still lighter; prices are feverish and high, and cannot last. viz: 5@7c for sheep, and ¼c to ½c for lambs: 110 state lambs, 67 pounds, selling at 10c, and 40 Canada sheep, 100 pounds, at 7¼c. No arrivals of hogs; dressed are selling for future delivery at 13½@14c; live would bring 11c; some Jersey dressed brought 15½c.

RIVER NEWS.

The river continues to recede slowly at this point with four feet five inches in the channel by the Monongahela marks. Weather clear and pleasant.

The Sallie arrived from Cincinnati yesterday morning. She encountered fog almost every night out from Cincinnati, and had it not been for the fogs she would have reached here at least 24 hours sooner.

The Glendale, from St. Louis, is among the first boats due.

The Wild Duck, according to our latest advices, had left St. Louis for the iron pile at Carondelet.

The St. Marys is at Cincinnati, being repainted and undergoing repairs.

Work was commenced in putting on the cabin of the new J. N. McCullough yesterday.

The Sallie will leave for Cincinnati at an early hour this forenoon, and passengers and shippers should bear this in mind.

The Mollie Ebert, Capt. Geo. W. Ebert, will positively depart for Cincinnati tomorrow at noon. The Mollie has been placed regularly in the Pittsburgh and Cincinnati trade, and passengers and shippers can rely on her leaving promptly as advertised.

—Jas. Kerr, Jr., late of the Great Republic, takes charge of the office of the Grand Era.

—The Bellevernon, Pittsburgh to New Orleans, left Cincinnati on Tuesday with about 700 tons.

—It is supposed the Only Chance has not changed hands, although it is rumored that Mr. C. H. Tyler proffered for her $7,500, cash.

—The towboat Leader arrived at Louisville, from Pittsburgh, Monday, with two barges, containing 1,960 bars of railroad iron for the Louisville Railroad.

—The Police Commissioners of Memphis have issued strict instructions to the police to arrest the officers of any steamer bringing paupers to that city.

—Garritt Boley, the mate of the steamer Flirt, against whom Frank Moony had entered a criminal suit it the United States Court, at St. Louis, was examined, Monday, by United States Commissioner Eaton, and discharged.

—The steamer Plain City, belonging to the Delta Packet Company, sunk at the wharf at Vicksburgh, Wednesday. Her larboard side is in the water nearly up to the hurricane roof, and her starboard guards are just above water. She was insured in offices of Cincinnati for $6,500—$4,000 in the Central Insurance Company, and $2,000 in the Eureka. It was reported that $4,500 has been offered for her since she sunk. She will be raised.

—An Evansville paper says: The report and discussion of the Local Board Inspectors of Memphis on the explosion of the Phantom, was the theme of discussion on Saturday and yesterday. Most persons think it singular justice that Captain Dexter should be condemned without a hearing. Captain Dexter says he is prepared to prove that he had no more to do with the explosion than the man in the moon. He will demand an impartial investigation and a fair show,

—The St. Louis *Times*, speaking of the action of the local inspectors in the case of the Phantom disaster, uses the following forcible but indignant language: "Philip Best and John Wallace, the engineers on board at the time of the disaster, are suspended for a year, because, in the opinion of the Board, the engineer knew the defects of the boilers. We think that if we were on the Board, and was sure such were the facts we should suspend them for about thirty minutes in such a manner that they would not have another opportunity of blowing up and killing a steamboat load of passengers."

HEADQUARTERS UNION REPUBLICAN EXECUTITE COMMITTEE.

To the Union Republican Voters and Vigilance Committees of Allegheny County.

But three working days remain before the election. Every Republican should devote those days to active, diligent work.

The Local Vigilance Committees should meet nightly until election day, and thoroughly examine and canvass their lists. If the names of any legal voters are not on the registration list, they should nevertheless be brought to the polls, and on making the proofs by affidavit, provided for by the registry law, they will be allowed to vote.

In every election district there should be SPECIAL COMMITTEES APPOINTED TO MARK OFF the names of those who have voted, and in that manner you can ascertain who has not, up to three o'clock, voted. AFTER THAT HOUR SEND OUT for all such and have them brought in. HAVE CHALLENGERS APPOINTED in every election district, of good, reliable Republicans, who are well acquainted with the citizens of the district. See that the tickets are correct and properly distributed.

Bear in mind that, under the new Registry law, the polls in city and county must be opened between the hours of *six and seven o'clock* in the morning, and closed at 7 o'clock in the evening.

This will give an opportunity to many of the working and business men to vote before going to their labors.

In another column of this paper you will find the address of the Naturalization Committee, setting forth what constitute the requisite qualifications of voters, and containing other information, to which your careful attention is invited.

It is to be hoped that every measure will be adopted, by the earnest Republicans and the Vigilance Committees of this county, to bring out on Tuesday next a FULL REPUBLICAN VOTE, and thus secure a great Republican victory.

By order of the Executive Committee.

JUSTICE GRIER, now at Washington, declares that he has "no intention whatever of resigning," not even to oblige the impatient friends who were waiting for his official shoes.

WE are requested to state that the Republican State and County tickets are now ready for distribution among our Republican friends throughout the county, at Headquarters, No. 116 Fifth avenue. The ticket printed this morning in the GAZETTE is the full Republican one, and is correct in every particular as to style of office and names of candidates.

HORATIO SEYMOUR, the "white man's candidate" of last year, freely acknowledges that he preferred Mr. Chase "as a more available candidate." He says that Hendricks or Hancock would have been acquiesced in, "or even Pendleton, with whom he differed on the financial question," but Mr. Chase, the original Abolitionist, seemed to him "the best and strongest candidate he could select." And then our bitter negrophobists of the opposition would have shouted themselves hoarse for the equality of all men.

A DISPATCH from Pittsburgh to the *Cincinnati Enquirer* says:

Leading Radicals of the State here to-night admit that Geary's defeat and Packer's election by from ten to fifteen thousand majority. Senator Scott is openly for the Democratic State Ticket.

If the fabricators of this and the like could be registered here, or could vote on forged papers of naturalization, we could all understand how the opposition would triumph, by dint of sheer, deliberate falsehood.

THE pirate ship Hornet will be detained by our Government, unless legally released by the judgment of our Admiralty Courts. And of that there is no probability. The Secretary of State declares the case to be clearly one of piracy. This is constructive, of course, the ship having as yet made no captures. As the judgment of the Supreme Court will be taken on the questions involved, there will be ample time before a decision for the Cuban sympathizers to fit out a second Hornet—if they have the stomach for so much enterprise.

The administration deserves the hearty thanks of the country for the effective promptitude with which our foreign policy has thus been freed from the embarrassing complications which recently seemed to menace us.

VOTE FOR THE MONUMENT.

Where shall the Soldiers' Monument of Allegheny county be located? Tickets will be provided at the polls on Tuesday, for every citizen to express his own preference.

DON'T RISK THE REGRET.

Republican reader, one word! If you neglect to vote next Tuesday, and should learn, the next day, that your party had been defeated simply because a few thousand Republicans had stayed at home, can you not anticipate the regrets that you would feel? Be sure to cast your own vote, and you will then have, in any event, the comfort of reflecting that you had done your whole duty.

THEY MADE IT—WE WILL PAY IT.

The debt of Pennsylvania was mainly entailed upon the people under Democratic rule. Under successive Republican administrations, and notwithstanding the special burdens laid on the Treasury by the war, this debt has been greatly reduced. If the political power shall remain where it now is, that debt will be certainly extinguished in the course of comparatively a few years. All considerations of prudence demand the retention of the Republican ascendency.

MAKE YOUR CHOICE.

On next Tuesday, Pennsylvania will have to decide, so far as any one State can, whether the National Debt shall be honestly paid. True, the Democrats are not pressing this issue in the bold and defiant manner they did last year, but they have recanted none of their doctrines, and mean to put them in practice whenever they find the power in their hands. In full sympathy with the Rebellion while it lasted, they do not intend, if they can help it, to aid in paying the debt contracted for its suppression. All citizens who believe in dealing fairly with the public creditors, and so maintaining the national faith pledged to them, should make it a matter of duty to go to the polls and vote for the Republican candidates.

ALL IS AT STAKE.

The Republicans of Pennsylvania have laid on them the duty of electing a Governor, a Supreme Judge, and majorities in the two branches of the General Assembly. To the performance of this duty they are prompted by party considerations as well as inducements of a higher and more general character. We have already dwelt upon the latter. Let us point to the former. The Republicans *must* carry the State this year, or run serious risks of remaining out of power for several years to come. Thrown into the minority they will find imposing obstacles across the path back to a majority.

It is well that these lower reasons conspire with the higher ones, in requiring the Republicans to stand by their flag in the contest soon to be decided.

THE BENCH AND THE PEOPLE.

Upon the choice of a Supreme Judge, at the coming election, will depend the political complexion of the highest judicial tribunal. As a matter of necessity, political questions, as well as other questions, go up the Supreme Court for decision. The people are the ultimate source of authority and their voice can only be heard on the bench through the ballot-box. The election of Judge Williams, who is confessedly of the purest personal character, of uncommon natural endowments, of the most accurate professional training, wide experience, and commands the confidence both of the members of the bar and of the people, will secure the Judiciary in the interests of those elementary principles of order, stability, progress, liberty and equality, which are essential to the prosperity of the Commonwealth.

THE PERIL OF HOME INDUSTRY.

Many of the manufacturing interests of the country, and specially of this county, were never in greater peril, from a prospective modification of the impost duties on competing foreign wares than at the present time. A defeat of the Republicans of this State, on the 12th inst., will be taken everywhere as denoting a change of opinion as to the policy of Protection; and a vigorous push will be made accordingly. The advocates of Free Trade are already moving. They are vigilant, untiring and determined. Knowing what success implies for them, they intend to win it. Wise in adapting means to ends so far as operating upon popular sentiment is concerned, they are leaving no effort untried. The workmen of Pennsylvania ought fully to comprehend the menace, and answer it by a Republican triumph here that shall steady the lines throughout the Republic.

SHALL THE WORK BE UNDONE?

The trade of the great Eastern cities with the interior affords an unerring criterion of the general prosperity. New York and Philadelphia journals all declare, irrespective of politics, that the Fall trade has opened with a brisk beginning and bright prospects. This is a convincing proof that the community at large has begun to feel that substantial prosperity which is the natural fruit of Republican rule, and which, if the people will it, shall continue to swell until at last no unhappy trace of a Democratic rebellion shall remain to paralyze the onward march of the Republic in material and political development.

A vote for the opposition ticket, or a vote withheld from the great party which has achieved so much, will be a vote to undo all the work which, during eight years past, has been consecrated with our vast resources and with a river of our best blood.

THE REBEL'S FRIEND.

Mr. Packer's record while in Congress shows that his sympathies ran with the men who were then plotting for the rebellion. On the divisions, upon the preliminary questions by means of which the prejudices of the Southern people were aroused to fever heat, his votes were cast with the engineers for revolt. Nor have any indications been given by his conduct since that his ideas and purposes have undergone a change. It is fair to infer that he is now a reactionist; that is, that his influence will be steadily given towards restoring as nearly as possible, should favoring circumstances arise, the old status of affairs. There are much stronger reasons why this class of men should be kept out of positions of power in the Northern States, than why men who actually participated in the rebellion should be continued under disabilities in the Southern States. Magnanimity to a beaten foe is often productive of salutary consequences, while the elevation of men who played a subordinate and deceitful part, like Mr. Packer, has never failed of mischievous results.

NEXT TUESDAY.

A full vote will be an absolute Republican success in our own State and in Ohio. The opposition have not the remotest hope of a triumph in either State, except it be culpably surrendered to them by our stay-at-home Republicans. Our advices are all one way in this matter. The opposition hope is sure of disappointment. There are not five hundred voters, in either State, who have heretofore habitually voted for Republican nominations, who would not vote the same next Tuesday, if they once reach the polls. There are not five hundred citizens in either who propose to stay at home because of dissatisfaction with the State nominations.

The apathy upon which our opponents count and upon which we ourselves, at an earlier period of the canvass, based our only apprehensions, has almost wholly disappeared. The conviction has at last become universal that the same old Democracy of the rebellion are once more meaning business, and that there is peril from this venom so long as the least wriggle remains in the tail. The friends of the Union as it is, in these States, have now concluded that it is best to finish the job by stamping out all that is left of the party of secession, rebellion and repudiation.

Pennsylvania and Ohio will both choose Republican Legislatures, with at least nine thousand majority for GEARY, and nearly double that for HAYES. For anything over these majorities, we shall have to thank a full vote in every precinct from the Delaware river to the Indiana line. Shall we not have it?

SPENDING OTHER PEOPLE'S MONEY.

The Packer Committee are advertising freely in all the papers except the GAZETTE. They are spending more money for printers' ink in this county than even during the canvass of '68. Their opulent candidate has evidently taken his open purse by the bottom, and turned it inside out at Pittsburgh as well as at Philadelphia. He can well afford it, and can get his money all back again by clapping another screw upon his coal-miners and railway hands, and putting two shillings more on the price of each ton of coal.

But this is no reason why the committee should waste his money in advertising such stuff as they do. For example, they meet the charge that he sympathized with Vallandigham and Breckenridge, by quoting his offer to continue the wages of any railway hands who should volunteer for the Union, *paying them out of the railway treasury*, and not out of his own pocket. Again, they do not meet the statement that he has dodged his personal taxes since 1867, but point to the large sums which he had paid previously. These advertisements would be worth something if they would explain why these large payments were so suddenly stopped.

The late lamented Artemus Ward was a patriot of the Packer type, for he did not hesitate to pledge, for the cause of his country, the last drop of blood of his wife's relations and the last dollar of their money. No phlebotomy, no contributions on his own account! Asa Packer did not offer his own life, or give the life of a dearly loved son for an imperilled Republic, as did JOHN W. GEARY. Nor, although possessing countless millions of personal wealth, could he put his hand in his own pocket, so long as he could dip into the handy strong-box of a railway corporation. If he had been a little less free with his stockholders' cash, and a little more liberal with his own, the people would now be better inclined to trust him in a place of such peculiar temptations as that of Governor of this Commonwealth.

His Committee in Western Pennsylvania have evidently taken a hint from his personal tactics, if we may judge from the lavish way in which they are spending cash that does not come out of their own pockets. We charge them nothing for thus publishing the substance of their advertisements, since all such exhibits can have no other effect than to make votes for Governor GEARY.

SLANDER REFUTED.

FREEPORT, October 5, 1869.

MESSRS. EDITORS: Permit me through your paper to answer a communication in the Pittsburgh *Post*, of September 29. A correspondent, signing himself "Lacrymose," edifies the readers of that sheet with on account of Governor Geary's reception in this place. About the political part of it, I care nothing, although it is a misrepresentation throughout; but he throws a fling at one of our best citizens and a minister of the Gospel, that I cannot pass it unnoticed. Among other things he says: "His 'Excellency' was escorted into town by a 'reverend gentleman' who would allow none but the faithful to touch the hem of his garment, and I could not help thinking and remarking 'the eternal fitness of things,' for the one was driven from his pulpit for preaching anything but the 'Gospel of Peace,' while the other is about to be deposed from the chair of State as an unworthy public servant.' *Alas! Poor Yorick's tempora mutantur.*"

The reverend gentleman referred to has been pastor of the O. S. Presbyterian Church here for twenty years, and was not "driven from the pulpit for preaching anything but the gospel of peace," as alleged; but resigned of his own free will, to seek another field of labor in the far west. It was never charged against him, by any member of his congregation, that his preaching was political or heretical. As an evidence of the esteem in which he is held, the largest church in our village would not comfortably seat the audience, composed not only of his former charge, but of members of every evangelical church, who turned out to hear him preach his farewell sermon last Sabbath.

And now, in cloncusion, let me say, if *Lacrymose* had one-half the talent, education or Christian virtues of the "reverend gentleman" referred to, he could employ his time much better than in butchering the "King's English," mutilating latin or writing "slanderous libels" on a man the latchet of whose shoes he is not worthy to unloose. VERITAS.

A GREAT MISTAKE.

MESSRS EDITORS—I see by your paper of September 29, 1869, that you have my name on the list as one of the Vigilance Committee for Isaiah Dickey, for the Borough of Elizabeth. This is a great mistake. I never used, or authorized any person to use, my name for such a purpose. I am a temperate man and a temperance man, and if I live until next Tuesday, I shall cast my vote for Geary, Williams, Chauncey Bostwick, and the whole Republican ticket.

Yours, F. S. TOWER.
Elizabeth, Oct. 5, '69.

—A few days since some of the Democratic papers of Wisconsin charged that certain monies belonging to the Treasury, from the Insurance Fund, had been embezzled by one of the officers in charge. It has since transpired that E. A. Spencer, Republican candidate for Secretary of State, was referred to, and that he did remove a certain amount from the Treasury—not, however, with the intention, as he asserts, of embezzling it, and he has since returned the money. In view of these facts, the Republican State Central Committee requested him to withdraw his name as a candidate, which he did at once. The name of Mr. Spencer's successor on the ticket has not been named.

—Rev. Dr. Pylance, of Chicago, has been appointed by Bishop McIlvaine came to take evidence in Illinois as to the useages of the church in reference to surpliced choirs and processional singing, for which Mr. Tate is to be tried in Ohio. Dr. Pylance took the testimony of five or six clergymen on Monday which it is understood, is favorable to the lawfulness of the practices, of which Bishop McIlvaine, however, disapproves. It is found that these customs of processional singing and surpliced choirs obtained in many dioceses of the church.

—The Minnesota State Temperance Convention met at St. Paul, Wednesday, and nominated Rev. Daniel Cobb for Governor; J. H. Stevens for Lieutenant Governor; E. O. Hamilton for Chief Justice; E. J. Thompson for Secretary of State; J. H. Davidson for Attorney General; C. C. Connell for Auditor, and Henry Russell for Treasurer. The candidates for Lient. Governor and Chief Justice are Democrats, the rest are Republicans.

—The Tennessee Legislature proceeded to business yesterday, but nothing of importance was transacted. The message of Gov. Senter will not be delivered till Monday. The Democrats charge that the cause of this delay is his desire to prevent the defeat of the Fifteenth Amendment before the October election, they believing that the defeat would aid Pendleton and Parker. The rejection of the Amendment seems to be a foregone conclusion.

—The Directors of the E. H. & N. R. R. to-day closed a contract with Henry B. Hanson, of New York, and others, to finish the road between Madisonville and Hopkinsville, and leasing the road to said Hanson for a period of seven years from the 1st of January, 1870. It is understood that Mr. Hanson is backed by the Pennsylvania Central Railroad influence, and that he will complete the Evansville and Nashville road within one year.

TO THE VOTERS OF ALLEGHENY COUNTY.

After almost a year's cessation from political strife, the citizens of Pennsylvania are again involved in a great contest. Divided as heretofore into two great parties—Republican and Democratic—there is yet no question before them of principle or of policy; for all such were fully discussed and emphatically passed upon by the voters of the State in the triumphant election of the Grant and Colfax electors last year. The propriety and justice of the Fifteenth Amendment, so much inveighed against by the Democracy of the present day, and the improprieties and shortcomings of the Johnson administration, with which they were only too glad, in their great desire for place and profit, to affiliate are of the past; settled by the verdict of the people of the whole country in November last, and to their entire and great satisfaction. No new issues have arisen or could since then arise, and in the canvass of this year the voters of Pennsylvania are called upon only to reaffirm or disaffirm a former verdict.

The Republicans of Allegheny county are not and have not been unwilling to open the old questions anew. On the contrary, they have invited and challenged the Democratic party to a free and full discussion before the people of every point of difference between the two parties, in the full faith and confident belief that the inevitable repetition of the vote of 1868 might in a measure tend to impress upon it the fact that there are questions which have been finally decided upon, and principles which, though good enough in their day, the progress of the country has now made obsolete; but to day the canvass in this county, now almost at an end, presents the strange spectacle of a party in power, and therefore necessarily to be assailed, willing to accord to its opponents not only an investigation of its conduct since it has been in, but also a new trial of those principles upon which the voters of the nation decided it should come into power, and yet refused such by its opponents, who have not dared to call a single public meeting or invite a single speaker in support of whatever of principle or policy the Democratic party may profess to entertain, or in assail of the principles of Republicanism, as it may chance to understand them. It has contented itself with an invitation (in print) to the people to forget its record for eight years; it has asked not to be reminded that its ruling branch in the Southern States, with a not inactive sympathy from its Northern brethren, rebelled against the authorities of the land, and, striking at the life of the nation, necessitated the loss of life, so much to be deplored by all, and the creation of the great debt under which it now says the country is groaning, and presuming that the people of the county are as short of memory as it could desire for everything which it has done during a four years' war, and since, it invokes the criticism of the voters upon financial matters pertaining to this State alone and its domestic machinery during the three years of Governor Geary's administration (on figures and statements with a more commendable kindness than accuracy, furnished them by its Chairman for Western Pennsylvania.)

It is not worth while, nor have we here the space, to pass upon the statements of the Democratic Committee relative to the (household) economy of Republican Legislatures and Governors as compared with that of similar Democratic officials. It is sufficient to say that the comparison made of Democratic expenditures in 1860, before the civil war, and of Republican expenditures in 1868, after it shows that the latter is not quite double the former, and yet when the tax payers of the State reflect that in 1868 a new Gubernatorial mansion, belonging for all time to come to the Commonwealth, was built, and that the increased development of the resources of Pennsylvania since 1860 has necessarily quadrupled the business of Governors and Legislatures, it cannot but be their candid conclusion that either the party in power in 1868 was economical, or the party in power in 1860 extravagant, especially, too, when the thinking men of the community take into consideration the fact that in 1868, or to-day, there was and is hardly a single item of expense to either the private individual or the State the cost of which is not more than double that of the same article in 1860.

In a measure rising to the dignity of what is proper in an address directed to the voters of Western Pennsylvania, and reluctantly leaving for the time being the housewifery of the Capitol and Gubernatorial mansion, the Chairm an of the Democratic Committee alleges as extravagance on the part of the Republican party that a State debt of $20,000,000, bearing five per cent. interest only, was, under a Republican administration, redeemed and paid by a new issue, in 1866-7, of certificates of indebtedness to the amount of $23,000,000, bearing six per cent. interest.

All of which is true, but disingenuous, in this: that he is either ignorant of or wilfully failed to state the fact that the indebtedness of $20,000,000, most of it incurred long before the war, when there was no premium on gold, and all of it before the passage of the legal tender act, was overdue, and with its accrued interest amounted to about $23,000,000 at the time of its redemption by the Republican authorities of Pennsylvania, and that the redemption effected by them converted the debt into one payable, principal and interest, in currency, at six per cent. interest per annum, instead of, *as the old debt* (under the decisions of the United States Supreme Court, then known to the State authorities,) *was a debt at five per cent. interest, payable, principal and interest, in gold.* At the time of this redemption gold was worth $1.40 in currency, and it would have required from the State of Pennsylvania $32,200,000 in legal tenders to have paid the indebtedness of $23,000,000, which the Republican administration of Governor Geary, by prudence and forethought, has funded into bonds or certificates of indebtedness of $23,000,000, bearing only the ordinary and legal rate of six per cent. interest, thereby saving to the State and the taxpayers the sum of at least $9,000,000. And yet for all this, the Democratic party, in its ignorance of either figures, values and facts, has chosen to assail as extravagant and corrupt the administration of a Governor whose three years' executive career can challenge, for economy, honesty and ability, the closest scrutiny of his political enemies as safely and as proudly as his four years' military experience has already, before the people of Pennsylvania, braved the scrutiny and overcome the calumnies of the same detractors whom he now has to meet—not as he has met more open enemies, in the field, but on safer ground of their own choosing, in print.

The exercise of the pardoning power on the part of Governor Geary seems strangely to affect the Democratic mind, and for the first time in the history of the State and its Governors, has alleged excess in that direction received Democratic disapproval. It has been unnecessarily bestowed, however, in the present case, as an examination of the records will show that Governor Geary has pardoned a less proportion of convicted criminals than any of his predecessors for years past; not in all amounting to fifteen per cent. of the applications made before him, which in themselves altogether do not equal one-tenth of the criminals convicted throughout the State. Less, then, than one per cent. of the convicts of this State, we confidently assert, during Governor Geary's administration received theso much talked of Executive clemency.

Unable, with all the disingenuous statements, and all the distorted figures of which we have referred, to make out anything which might even tend to deceive intelligent voters, and apparently not much relying upon them, the amiable and accomplished spokesman of the Democracy, taking up the old and well-worn weapons of his party, unweildy and unhandy though they be for him, has chosen to assail the private and personal character of Governor Geary in terms and language which, while indicating in the manner of their use the novice in that peculiar style of phraseology usually denominated billingsgate, yet strongly point to a high and successful graduation in that school of the fine arts, if the study and the practice are but continued.

The Republican party cannot afford either to reply to such a style of argument, or to retort on its opponents in a similar vein. It has nothing particular to say of Asa Packer, except that he has no record but that of his great accumulated wealth and an absence of a corresponding income tax. In the Legislature of the State, and a member of the Congress of the United States for two terms, a few scattering answers to roll-call, a few uncertain votes, are all that make up his public record and attest the fact that he has ever been in public life. Nor has it anything to say more or less particular of Cyrus L. Pershing, the associate on the Democratic ticket of Mr. Packer. With due observance of the proprieties of politics the Democratic State Convention was careful that the head of their ticket should not be in any wise obscured by the second name upon it, and accordingly nominated as their choice for Supreme Judge a candidate whose name as a lawyer was until then hardly known beyond the limits of his own county.

Both Mr. Packer and Mr. Pershing may be blameless and irreproachable in private life and character, and the fair presumption is that they are; but their adherents in this county have as yet not given the people, either through the press or through their speakers, one single argument in favor of transferring them from their privacy which they both presumably adorn, to a publicity which only men of known character, force and talent can or should fill.

Asking that no portion of its past record be forgotten by the people, but referring to it with pride, the Republican party, pointing to the State Administration of Gov. Geary, which in less than three years has reduced the State indebtedness over $5,000,000, and saved the taxpayers over $4,200,000 of the taxation on real estate (doing away with taxation on every foot of ground in the State), presents as their candidate for Governor John W. Geary, and for Supreme Judge, Henry W. Williams, in full confidence and hope that the voters of the State will, by their triumphant election on Tuesday next, ratify and reaffirm the principles upon which the Grant administration was last fall elected, and approve the administration of a faithful and honest President, who in the first six months of his official life, has, by economy and integrity, reduced the national debt ove $56,000,000.

Governor Geary's history for twenty years past is well known to all. Occupying in that time many places, civil and military, of high responsibility and trust, his conduct has met, as it has merited, the full and unqualified approval of all the people.

It is hardly necessary to allude to Judge Williams, the associate of Governor Geary on the Republican ticket. His judicial career of sixteen years on the bench of the District Court of this county, and one year on the bench of the Supreme Court, constitute the record of his fitness for the position for which he has been nominated. A young man when he received at your hands, seventeen years ago, his first nomination for the District Codrt, the Democracy of the county thought enough of him to name as his competitor the Nestor of the bar, the late Judge Shaler, and when ten years later he came before the people for a re-election, the unanimous vote which they accorded him evidenced the high opinion which his opponents must have entertained of his abilities and integrity as a Judge.

The contest this year is one of special moment to the people of Pennsylvania. Apart from the usual importance of the Republicans retaining the Governorship, there is at this time a special importance in the position in this, that the Legislature of 1871 will have the duty of apportioning and dividing the State into Congressional and Legislative districts. This duty occurs once every ten years, and the Governor to be elected will have either to veto or approve such apportionment. A majority of the counties of this State are Democratic, and it is only by extreme exertion on the part of the Republican party that they can hope to maintain the supremacy in the State Legislature. Should we fail in this this fall and a Democratic Governor also be elected, an unfair apportionment might be made, which would give to the Democratic party two-thirds of the Congressmen of the State for years to come, as well as such a majority of the Legislature as would insure to that party both United States Senators within four years.

And the Supreme Judge to be elected will determine whatever of political aspect the Supreme Bench shall have for fifteen years to come.

Allegheny county has made for herself a record in past contests as the Banner Republican county of the land. Since the formation of the grand Republican party she has cast no uncertain vote. The election of Tuesday next will go far to determine the question of whether this country shall again pass under Democratic rule. Let the voice of the Republicans of Allegheny county, so potential heretofore in determining the result in Pennsylvania, and so throughout the Union, be again raised in affirmation of those principles upon which our great party is founded, and which for thirteen years past by the banner county have been so triumphantly sustained.

By order of the Union Republican Executive Committee.

W. S. PURVIANCE, Chairman.
WALTER S. McCUNE, } Secretaries.
COL. GEO. F. MORGAN, }

TO THE REPUBLICAN VOTERS OF ALLEGHENY COUNTY.

The Republican County Executive Committee respectfully submit the following suggestions relative to the election on Tuesday next, and earnestly invite the attention of our friends throughout the county to them:

1. See that the polls are opened in every district at the earliest hour named by law, and that they are kept open until the latest hour. The polls may be opened between six and seven o'clock in the morning and must be closed at seven in the evening. If full Boards are not present at eight o'clock A. M., see that the vacancies are filled and the polls opened at nine o'clock A. M.

2. Poll the Republican vote as early as possible in every district, keeping lists as

nearly correct as practicable while the voting is going on of all who have voted.

3. Be prepared with full and perfect lists of every Republican voter in the different districts, and not later than three P. M. commence sending out and bringiny in and seeing that all Republicans vote whom your lists show have not been at the polls.

4. Have competent and proper men in every district as challengers, and especially have numerous and efficient block committees, (and so arranged that they may be relieved from time to time,) who will be responsible for every republican vote in their respective blocks and districts,

5. Have our friends pay particular attention to persons offering to vote on naturalization papers, and especially to every person attempting to vote on a Luzerne county naturalization certificate, or on a naturalization certificate issued by the Supreme Court of Pennsylvania, and bearing date since the first of September, 1868.

6. Whenever an attempt is made to vote illegally, or a vote is cast by any person not having proper papers, and not a legal voter of the election district, have the offender promptly arrested.

7. The following abstract as to qualifications of voters, proof of age, &c., is ESPECIALLY commended to the attention of the voters:

QUALIFICATIONS OF A VOTER.

1. He must be a native or naturalized Citizen of the United States, of the age of TWENTY ONE YEARS or more.

2. He must have resided in the State at least ONE YEAR, and in his election district at least TEN DAYS immediately preceding such election, and have paid, within two years, a STATE or COUNTY TAX, which had been assessed within two years and at least ten days before the election.

EXCEPTION.—Persons VOTING ON AGE, (being under twenty-two years of age,) may vote without being assessed and without having paid such tax. This exception does *not* extend to naturalized citizens.

3. All persons citizens of the United States formerly qualified voters of this State, but who had removed therefrom and paid taxes, as herein before indicated, are entitled to vote after six months' residence in the State.

All of the above classes should be registered within ten days prior to the Election; but if through neglect or otherwise their names do not appear on the Registry list, they will be allowed to vote only on going to the polls and making affidavit of the fact that they fall within one of these classes, and filing at the same time the affidavit of one qualified elector of the District in proof of their residence, within that Election District for ten days preceding the Election—excepting persons who render proper, proof of their right to vote on age who are not required to pay a tax.

PROOF OF AGE.

Age may be proved by the persons offering to vote, or by any other legal evidence.

PROOF OF RESIDENCE.

Residence within the State may be proved in the same manner as age, *but the fact of residence within the proper election district*, MUST BE PROVED by his own oath and the testimony of at least one qualified elector and comptent witness. The residence must be *bona fide* and not simply for the purpose of voting. IN CASE OF REMOVAL within ten days before the election he may vote in the district from which he removed.

PROOF OF NATURALIZATION.

The only evidence of naturalization is the certificate under the seal of a competent court, produced to the election officers. ITS LOSS AND CONTENTS CANNOT BE PROVEN IN ANY CASE.

The naturalization certificate must be produced to the election officers by the naturalized citizen before voting, and upon the vote of such person being received, it is the duty of the election officers to write or stamp on such naturalization certificate the word "voted," with the month and year.

EXCEPTION—Where a naturatized citizen shall have been a citizen and resident of the district where he offers to vote, for at least ten years next preceding the election, his own oath (without production of any certificate) shall be *prima facia* evidence of naturalization.

IDENTITY.

Although the certificate is evidence of naturalization, yet the person offering to vote, MUST, IF REQUIRED, PROVE BY LEGAL EVIDENCE (not his own oath) that he is the identical person named in such certificate.

PAYMENT OF TAXES

May be found by the production of the receipt for the payment of tax, and oath of the person himself or other competent witness. If he fail to produce such receipt he must make oath to the payment of a tax. If required, the genuineness of the receipt must be proved.

OPPOSING EVIDENCE.

Evidence may be produced against any person claiming the right to vote, or to contradict the evidence in his behalf.

GENERAL MATTERS.

Any election officer or qualified elector has the right to challenge any person offering to vote; and, when objection is thus made, it is the duty of the inspectors to require such person to prove his right to vote. The testimony must be satisfactory to the inspectors.

Persons whose names are registered may be challenged, and when challenged they are required to produce the same proof as to their right to vote as persons who are not registered.

Where there are more names on a ticket than there ought to be, the ticket should be rejected. The Polls should be closed at the proper hour regardless of the fact whether or not all persons present have voted.

Temporary absence on public business or in the military service, does not disqualify a voter. Native citizenship must be proved when such proof is required by either of the inspectors or by any qualified voter. The minor children of persons who were aliens, though born out of the United States, if dwelling in the United States at the time of the naturalization of their parents, become citizens by such naturalization of their parents. Proof of the fact, if required, must be made by the production of the certificate or duplicate thereof, and evidence of identity, as in other cases.

JUDGES AND INSPECTORS.

The Inspectors and Judges are required to meet before seven o'clock, A. M., and each Inspector shall appoint one Clerk. In case the person who received the second highest number of votes for Inspector shall not attend, the person who received the second highest number of votes for Judge shall act in his place. In case the person who received the highest number of votes for Inspector shall not attend, the person elected Judge shall appoint an Inspector in his place. In case the Judge elect shall not attend, the Inspector who received the highest number of votes shall appoint a Judge in his place.

If any vacancy shall continue in the election Board for the space of one hour after the time fixed for opening the election, the voters present shall elect one of their number to fill such vacancy.

By order of

J. ERASTUS MCKELVY,
Chairman on Naturalization.

THOU BRINGEST ME LIFE—LUNG-WORT.

One of the truest and most suggestive ideas can be obtained from the caption at the head of this article; for of all diseases which impair human health and shorten human life, none are more prevalent than those which affect the lungs and pulmonary tissues. Whether we regard lung diseases in the light of a merely slight cough, which is but the fore-runner of a more serious malady, or as a deep lesion corroding and dissolving the pulmonary structure, it is always pregnant with evil and foreboding of disaster. In no class of maladies should the physician or the friends and family of the patient be more seriously forewarned than in those of the lungs, for it is in them that early and effielent treatment is most desirable, and it is then that danger can be warded off and a cure effected. In DR. KEYSER'S LUNG CURE you have a medicine of the greatest value in all these conditions. An alterative, a tonic, a nutrient and resolvent, succoring nature and sustaining the recuperative powers of the system, Its beautiful workings, in harmony with the regular functions, can be readily observed by the use of one or two bottles: it will soon break up the chain of morbid sympathies that disturb the harmonious workings of the animal economy. The harrassing cough, the painful respiration, the sputum streaked with blood will soon give place to the normal and proper workings of health and vigor.

An aggregated experience of over thirty years has enabled Dr. Keyser, in the compounding of his LUNG CURE, to give new hope to the consumptive invalid and at the same time speedy relief in those now prevalent, catarrhal and throat affections, so distressing in their effects and so almost certainly fatal in their tendencies, unless cured by some appropriate remedy. DR. KEYSER'S LUNG CURE is so thorough and efficient, that any one who has ever used it, will never be without it in the house. It will often cure when everything else fails, and in simple cases will cure oftentimes in a few days.

The attention of patients, as well as medical men, is respectfully invited to this new and valuable addition to the pharmacy of the country.

DR. KEYSER may be consulted every day until 1 o'clock P. M. at his Great Medicine Store, **167** Liberty street, and from **4** to **6** and **7** to **9** at night.

NOW IS THE TIME

To repair the inroads made upon the physical strength by the heated term which has closed with September. The vitality that has been oozing through the pores in the form of perspiration, for the last three months, requires to be replaced, as a preparative to the cold season which makes such disastrous havoc with relaxed and untoned sytems. The reverse of vigor with which the stoutest man commences the Summer campaign is drained out of him at its close, and unless by some means he acquires a new stock of vital energy wherewith to encounter the shock of a colder season, he may droop and wither like the falling leaves whose life-juices are exhausted. If it is thus with the strong, how much more perilous is the condition of the weak and ailing. Their reason must suggest to them, more forcibly than these printed words, the necessity for invigoration, and the world have decided, after an experience of nearly a quarter of a century, that HOSTETTER'S STOMACH BITTERS embrace such restorative properties as are not possessed by any other tonic and alternative preparation in existence. The importance of resorting to that great RENOVATOR AND REGULATOR OF THE HUMAN MACHINE, at this critical season is as obvious as the light of day. Let all who desire to escape an attack of chills, and fever, bilious remittent fever, dysentery, diarrhœa, dyspepsia, rheumatism, hypochondria, or any other of the diseases of which the Fall season is the prolific parent, have recourse promptly to this celebrated preventive and restorative.

CITIZENS' CANDIDATE.

MR. J. P. HORNISH: We have every assurance that but for the illegal votes cast against you at the Republican Primary Election, in the Fourth ward, Pittsburgh, on October 4th, 1869, you would have been chosen as candidate for Alderman of said ward. We feel convinced, also, that you would best represent the sentiments of the majority of the citizens in the position named, and would fill the office in a manner satisfactory to all. We have, therefore, to request that you will permit your name to be used as a Citizens' Candidate for Alderman of the Fourth ward, Pittsburgh. That a large number of votes was cast against you, we have abundant proof—affidavits to that effect having been made by responsible persons, and such affidavits being accessible to all. Yours respectfully,

MANY CITIZENS.

PITTSBURGH, Oct. 6, 1869.

GENTLEMEN: Appreciating the kind sentiment expressed in your request, and being myself convinced that my defeat at the Rebublican Primary election was, in a measure, secured by illegal means, I conform to your desire, and now announce myself a Citizens' Candidate for Alderman in the Fourth ward, Pittsburgh.

Respectfully yours,

J. P. HORNISH.

SOLDIERS' MONUMENT.

TO THE

CITIZENS OF ALLEGHENY CO.:

At a meeting of the Executive Committee of the Allegheny County Monumental Association, held on Tuesday, September 28th, 1869, the following Preamble and Resolutions were unanimous adopted:

WHEREAS, There appears to be a great diversity of opinion existing as to whether the SOLDIERS' MONUMENT should be located in the City of Pittsburgh or in Allegheny City; therefore:

Resolved, That the Building Committee appointed by this Association be, and they are hereby instructed to prepare tickets and submit the question to a vote of the people of this County, at the ensuing election, on the Second Tuesday of October, the tickets to be—"For" or the City of Pittsburgh," and "For Allegheny City," a majority of the votes polled to decide the matter.

Resolved, That after the people shall have decided as to whether the Monument shall be located in Pittsburgh or Allegheny City, this Committee shall, as soon thereafter as practicable, designate the spot in the city chosen, whereon the Monument shall be erected.

In carrying out the instructions contained in the above resolutions, we deem it proper to say, that several sites for the Monument have been generously tendered the Association free of charge, by citizens both of Pittsburgh and Allegheny, as there being a great diversity of opinion as to which of the two cities presents the greatest claims and advantages, it has been thought but right, that the question involved should be submitted to the citizens of the County, who are deeply interested in the matter, for their decision, with the hope that it may prove satisfactory.

Tickets are herewith furnished the Election Boards of the various Election Districts of the County, with the request that they make such arrangements as will secure a free and full expression of the opinion of the citizens of their respective districts, and that the vote be taken and certified in the usual form and returned to the PRESIDENT OF THE BUILDING COMMITTEE at Pittsburgh.

(By Telegraph to the Pittsburgh Gazette.)

NEW YORK, October 7, 1869.

The redemption of the three per cent. certificates by the Assistant Treasurer at this price for September and thus far in October amounts to two millions. The legal tender reserve has been drawn upon for this amount, but it is stated that the Secretary may order the return of these legal tenders to reserve at any moment.

The Gold Room had an executive session to consider the report of the Committee instructed to devise a plan for the Clearing House. This report was published on Tuesday last. At the opening of the session, a motion was made to lay the report on the table, to which a substitute was then offered, and carried, to suspend action on the whole subject for one week. This substitute was carried on the strength of the representations of the Gold Exchange Bank that they were entirely solvent and had their capital intact; that in a few days they would be able to resume business and then intended to propose an entire reorganization of the Bank, with new directors and officers and an entire change of administration; that they were willing, if the Gold Room so desired, to abandon the banking business, which had always been objectionable to members of the Board, and confine the business of the Bank exclusively to clearances of gold for the members of the Room. A lively discussion followed on the proper method of declaring members failed or suspended, so as not to interfere with the injunctions now in force. It was finally decided that all persons having unsettled contracts outstanding are requested to refrain from dealing in the Room. The New York Central and Hudson River stockholders will vote on the question of consolidation November 1st. Some of the large holders are already sending in proxies to the Committee on Consolidation. Nothing is publicly known in regard to the terms of consolidation.

The Governing Committee of the New York Exchange notified that body this morning that they have resolved to contest the legality of the various injunctions served on the Board, restraining its officers from enforcing rules against its members.

The creditors of Lockwood & Co. held a meeting to day at two o'clock. Directors of Lake Shore and Michigan Southern R. R. took a recess until three P.M. for the purpose of enabling part of their number to confer with the creditors of Lockwood & Co., and ascertain if possible the extent of the loss of the company by their failure. Nothing important occurred at this informal meeting, and at three o'clock the Lake Shore directors resumed their session. A proposition is before the Board in substance to issue two millions on seven per cent. sinking fund convertible bonds, to meet immediate liabilities of the Company, more especially to take up the Wabash stock falling due on the 18th inst. The Directors are still in session, and nothing further has transpired in regard to the financial condition of the road.

PITTSBURGH MARKETS.

OFFICE OF PITTSBURGH GAZETTE, THURSDAY, October 6, 1869.

The markets in a general way, are devoid of anything really new or important. Business generally is dull, at least the majority of our merchants and manufacturers are complaining, though the growling is more in regard to the very small margins than the volume of business; as there is no outlet from this place, no chance to ship east, in consequence of the discrimination made against Pittsburgh by her railroads, the demand for almost everything is restricted entirely to supplying the wants of the local trade, and the competition for this is so strong that operators are obliged to work on small margins, or do nothing. We are in hopes, however, that there are better days in store for Pittsburgh, and that she will not always be in her present unfortunate condition—when she will be placed on an equal footing in regard to railroad facilities, with other cities west of here.

APPLES—The receipts have fallen off considerably within the past week or two, and with a reduced supply, the market especially for the better grades, is stronger; we now quote at $1,50@3 per bbl for common to prime.

ASHES—Steady but unchanged—4@4¼ for Soda, and 9 for Pearls.

BUTTER—Prime to choice roll is in demand, and we can report sales at 33 to 35. Common butter is plenty and dull.

CRANBERRIES—Sales of prime eastern cultivated at $10,00@12,00 per bbl.

CHESTNUTS—New crop sold yesterday at $12 per bushel, but this figure will not long be sustained,

CARBON OIL—There is still considerable inquiry both from the West and South, and standard brands may be quoted at 28@28½ for round lots, and 29@30 in a retail way.

CHEESE—Sales Hamburg at 15; Factory at 16; and Goshen at 17@18.

EGGS—Sales of fresh packed at 22, and market firmer.

FEATHERS—Dull; quoted at 80@85 cents to the trade, and the usual advance for small lots in store.

FLOUR—Is dull and weak with a drooping tendency though unchanged. We continue to quote good to choice winter wheat brands at $6,50@7,00.

GRAIN—Wheat is not arriving very freely, though the demand is only moderate, the mills being pretty well stocked; we continue to quote at $1,25@1,30. Oats dull and drooping; sales at 45 to arrive, buyer furnishing sacks; sales on platform at 48@50, and in store at 51@52. Rye continues dull and buyers generally anticipate lower prices; we continue to quote at $1,05@1,08. The stock of corn in this market is almost exhausted, though there is not much inquiry for it; may be quoted at $1,00 on track and wharf, and $1,05 in store. There is little or no Barley offering, and the market is firmer, though, so far as we can learn, there is no disposition, as yet, to pay any advance; we continue to quote at $1,25@1,30 for prime Spring and Fall.

HAY—May be fairly quoted from country wagons at $15@20 per tun, for common to strictly prime timothy.

HEMP—Very dull, $205 per ton.

HUSKS—Sales at 2¾@3 cts per pound.

LIME—Sales of Cleveland white lime at $1,75 per bbl.

LARD OIL—Extra No. 1, at $1,43@1,45, and No. 2, at $1,05@1,08.

ONIONS—Sales at $2,50@3,00 per bbl, the outside figure for choice.

PROVISIONS—Firm with a good jobbing demand, but unchanged. Shoulders, 16¾; Clear Ribbed Sides, 20½; Clear do, 21; Ribbed, 20; plain Sugar Cured Hams, 23. Lard, in tirces, 20; in half bbls, 20½ in kegs 21. Mess Pork, $33,50.

POULTRY—Sales of chickens at 55 to 65 cents per pair, according to size.

POTATOES—Sales of prime Jersey sweets at $5,00@5,25 per bbl—mostly at $5,00.

SEED—Flaxseed is in demand, and the mills are paying $2,20@2,25. Small sales of timothy seed at $4,25@4,50. No demand for clover seed.

SALT—Is firmer, with sales of car load lots at $1,85 per bbl.

STRAW—Sold in Allegheny market at $12 per ton.

Dry Goods Market.

NEW YORK, October 7.—As the money market has eased up a little we notice a corresponding improvement in dry goods, still it is difficult to move goods unless at a concession in prices. The most noticeable feature in the cotton goods market to-day is the reduction made by jobbers in the price of New York mills muslins to 21c per yard. The Commonwealth ¾ goods are down to 7½, Portsmouth to 21½, Methune A to 8, Dwight N to 14, and do Z to 13c.

LOUISVILLE, October 7.—Bagging firm at 27½. Flour firm; superfine at $5. Grain quiet; red wheat, no white, $1,15. Corn in bulk at 85c. Oats do, at 50c. Rye at 90c. Leaf Tobacco quiet; sales 107 hhds; bids ranged from $6,90@16,73. Provisions firm. Mess Pork at $32. Bacon: shoulders 17c, clear rib at 20½c, and clear sides at 20¾. Lard at 19c. Highwines at $1,16.

NUTMEGS.—The Indian Archipelago is the country of the nutmeg. It grows on trees, which commence to bear at the age of seven years, and continue to bare for many years, like our apples. From flowering to the ripening of the fruit is about seven months. The average product of a tree in full bearing is five pounds of nutmegs and one quarter pounds of mace. The harvest is from September to December, but a small harvest is made in May and June. The mace is an imperfect covering for the nutmegs(not the husk). The mace is flattened by the hands and laid on mats to dry in the sun. Afterward it is dried by coal fires, and packed for exportation. The nutmegs are more difficult to dry. They are dried by fire alone for several months, like smoking meat, although without much smoke. When thoroughly dried they are packed in tight casks, lined, and smoked.

FOREIGN NEWS AND RUMORS.

Two Polish ladies were recently whipped savagely, at the Warsaw police office. Letters written by Langiewicz were found in their possesion, and the Governor-General of Poland ordered them to be flogged as a warning to the other correspondents of the famous leader of the insurrection of 1863. Despite the pain inflicted on these poor ladies, they did not utter a single cry. One of them, however, the Countess Drynatzka, fainted away after she received the thirtieth stroke.

THE AMNESTY recently granted by the Emperor Napoleon III, it is asserted, was devised as a trap to ensnare the more prominent political offenders now in exile. Ledru Rollin, in a letter published in the Paris journals, states that immediately after the amnesty was signed, an order was sent to the seaports of France to arrest him on his arrival from England, and to hold him in prison until his alleged accomplices could be brought back from Cayenne. Ledru Rollin says that he prefers exile to the prospect of an indefinite imprisonment in a French jail. The Paris journals, in commenting on this letter, express the opinion that the Imperial Government sheuld answer these charges.

THE HARVEST in England for 1869, according to an experienced correspondent of the London Times, will prove more profitable to the farmer than it was in 1868. It is asserted that the large sums expended last year on artificial foods have this year been saved, and that the increased stock of sheep has yielded augumented profits, the wool having fully maintained its price, while the price of store lambs is thirty per cent, over that of last year. One remarkable circumstance mentioned respecting food produce is the greath disparity between the price of bread and butcher's meat. The four pound loaf sells at 7d., and beef and mutton at 11d. per pound, the former being intrinsically of greater value than the latter. This state of affairs, it is asserted, is an anomaly which cannot long exist, and it is contended that, in all probability, bread will slightly advance, and meat get lower in price, as it is only reasonable to suppose that, if the short supply of fattening food last year increased the price of meat, the abundant supply of this year will cause a corresponding reduction.

BRIEF NEWS ITEMS.

—Governor Page has appointed Chas. Pomeroy Button, of Burlington, as a delegate to represent Vermont at the National Commercial Convention at Louisville next month.

—The stock of the Mississippi and Tennessee Railroad belonging to the city of Memphis, amounting to three hundred thousand shares, was yesterday sold to F. T. Lacey, agent of the Mississippi railroad, for $40,000.

—At Racine, Wis., in May last, Mrs Hawley, a widow, suddenly disappeared. On Sunday her body was discovered hid in a sack, her shawl over it, under a bridge near the city. Her skull was badly fractured. She was evidently murdered.

—Capt. John Waterhouse, Master of the brig Minerva of Portland, is charged with throwing overboard and drowning John Fitzgerald, off Cape Elizabeth, in April last. He has been bound over in $5,000. The Mate was also bound in $5,000 on the same charge,

—An application is to be made to the Canadian Parliament for the charter of a company to build a tunnel under the Detroit river to connect the Great Western Railway with the Michigan Central Railroad, and to secure to the railroads terminating either in Windsor or Detroit the use of the same on fair terms.

—S. Turner, who has been elected Speaker of the Virginia Legislature, is a lawyer about sixty years old, and one of the first advocates of the reconstruction acts in the State. He was an old Whig, and changed to a Douglas Democrat in 1860, and was shortly after defeated as the Union candidate for the Legislature.

—A case has been brought in the United States District Court, at St. Louis, against ex-Govenor Fletcher and Bascomb Montgomery, by Mr. Berry Freeman, for personal violence and the destruction of his printing office, in December, 1866, at the time Montgomery was in command of the State militia in Lafayette county, and of whom Freeman claims fifty thousand dollars.

—At Minerva, Ohio, on Tuesday an enthusiastic Republican mass meeting was held. The procession was two miles long, and there is estimated to have been five thousand persons present. Senator Sherman made, as stated, one of the best speeches ever heard from him. Mr. Sam. Galloway did himself and the cause ample justice. There is no apathy here. All is right for Hayes in the Sandy Valley.

—In Judge McCunn's Court, N. Y., on Tuesday, a man named Talber appeared and said that nearly two weeks ago he came to that city from Minnesota with his wife and three children, and on his arrival he sent them to a boarding house while he remained at the depot to attend to his baggage. On receiving the baggage he proceeded to the boarding house, but heard that his family were not there, and after searching the city eight days for them, he found that they had been convicted of petty larceny and sent to the penitentiary for three months. Judge McCunn immediately ordered the production of the parties in court.

—Stewart, the burglar who murdered John Willis in his house in Detroit, on the night of September 15th, was brought before the Recorder yesterday for trial. The court room was packed with spectators. The prisoner was strongly guarded to prevent any attempt to seize him. After reading the complaint to the prisoner, to the astonishment of everybody, he plead guilty to the charge of murder in the first degree, and immediately afterwards was sentenced to solitary confinement in the State prision for life. The result surprises all. Up to the time of the trial the prisoner stoutly denied his guilt.

THE corner stone of a monument to the memory of David M. Lyle, late Chief Engineer of the Philadelphia Fire Department, was laid in the Old Oaks Cemetery in that city on Monday.

SPECIAL NOTICES.

SCHENCK'S PULMONIC SYRUP, SEAWEED TONIC AND MANDRAKE PILLS will cure Consumption, Liver Complaint and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the livor and put into work; then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens into the lungs, and the patient outgrows the disease and gets well. This is the only way to cure consumption.
To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivaled success in the treatment of pulmonary Consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe a slight cough will throw it off, and the patient has rest and the lungs begin to heal.
To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.
Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel (a deadly poison which is very dangerous to use unless with great care,) that will unlock the gall bladder and start the secretions of the liver like Schenck's Mandrake Pills.
Liver Complaint is one of the most prominent causes of Consumption.
Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.
The great reason why physicians do not cure Consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.
Dr. Schenck in his treatment, does not try to stop a cough, night sweats, chills or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.
If a person has consumption, of course the lungs in some way are diseased, either tubercles, abcesses, bronchial irritation, pleurs adhesion, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of fo d. Now the only chance is to take Dr. Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure Consumption.
When there is no lung disease and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient, without the Pulmonic Syrup. Take the Mandrake Pills freely in all billious complaints, as they are perfectly harmless.
Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 245 pounds, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparation with the same remarkable success. Full directions accompany each, making it not absolutely necessary to personally see Dr. Schenck, unless patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond street, New York, every other Tuesday, and at No. 35 Hanover street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is $5. Office hours at each city from 9 A. M. to 3 P. M.
Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 a half dozen. Mandrake Pills 25 cents a box. For sale by all druggists. mv19:151-d&F

CITY AND SUBURBAN.

THE GAZETTE *is furnished in the city for six days of the week for* 15 *cents per week; by mail,* $8 *per annum:* 3 *mos.,* $2.

Rose Ann Mullen was yesterday committed to jail by Alderman Shore for drunkenness and disorderly conduct, on complaint of her husband.

Temperance.—The Rabe Temperance Club will hold a regular meeting this evening at the Home of the Destitute, Duquesne Way. Lewis Anderson, the boy orator from Chicago, will deliver an address. All are invited.

Fearful Threat.—Jonas R. Wellock alleged before Alderman McMasters yesterday that Robert Watson had threatened to kill him. Robert has since became an object of interest to the Alderman's police who would like to see him.

Room for Rent.—A furnished room, fronting on Wylie street, will be let to one or two gentlemen with or without board. The location is the most desirable on this street. Reference required. Call at No. 94 Wylie street for particulars. 3

Horse Thieves Operating.—Yesterday morning before daybreak, three valuable horses were stolen from the stables of Mr. William Lyons, residing on the Perrysville Road, several miles from Allegheny City. It is supposed the thieves brought the animals to the city.

Sudden Death.—Yesterday afternoon Mrs. Morgan, an elderly lady residing on Carson street, Birmingham, died suddenly from heart disease. She had been suffering from the disease for some time past, but no serious results were apprehended.

Naturalized Citizens.—The attention of naturalized citizens is called to the fact that under the Registry Law, unless they have been a voter for ten years in their election district, they must take their naturalization certificates with them to the polls on election day, or their votes will be refused.

Attempted Murder.—Tuesday night an attempt was made to take the life of Mr. Lynn, in McKeesport. Mr. Lynn was passing along Blackberry alley, when some person came up behind him and fired two shots from a revolver, one of which took effect in his side, inflicting a serious but not fatal wound. The affair is a mystery and the would-be assassin is unknown.

Mr. Smith Paynacious.—Yesterday Mr. Smith—John Smith, of the Eighth ward, this city, was brought before Alderman Strain on complaint of George Carlton, who stated that John threatened to kick his head off. As that is a material portion of his body, Mr. Carlton objected to any such disposition, and John was required to give bail for a hearing in relation to the affair.

Leg Broken.— Yesterday afternoon Willie Miltenberger, a little boy about seven years of age, while playing on Ohio street, Allegheny, was accidentally run over by a brick wagon, and had his leg broken. The fracture is of a serious character, and it is feared amputation will be necessary. The accident was unavoidable, and no blame is attached to the driver of the wagon.

Committed for Trial.—An affray occurred in a saloon at No. 445 Penn street, kept by Stephen Hoffman, about two o'clock yesterday morning, between Nicholas and Stephen Hoffman and Thomas Laughrin, who resides on Thirteenth street, in which the latter was seriously cut and stabbed with a knife in the hands of one of the Hoffmans. The Hoffmans were arrested and taken before the Mayor on a charge of felonious assault and battery, and were committed for trial.

Captured.—About a month ago a horse valued at two hundred and fifty dollars was stolen from the stable of a gentleman residing near Sewickley. The police were notified and succeeded at last in ferreting out the thief, Roger Brook, who was captured yesterday. The horse has also been recovered. It was traded by the chap for another, and passed through several hands, finally coming into the possession of a farmer who readily relinquished it when informed of the circumstances. Brook is in the Allegheny lockup awaiting a hearing.

The Second ward primary meeting was held yesterday for the nomination of ward officers. A very exciting contest resulted, in which the following nominations were made: Select Council—Edw. House; (no opposition;) Common Council—D. W. C. Carroll, 287;* J. C. Mattern, 280,* Dr. Addison Arthurs, 227;* Montgomery Fedder, 179;* Dr. Chas. Hauch, 139; James Vick, 164; School Directors—Wm. Woods, Thomas Ewing; (no opposition;) Aldermen—A. S. Nicholson, 208;* Jno. A. Floyd, 250;* Alex. Aiken, 148; Judge of Elections—A. Floyd, 135; Jas Black, 215;* Inspector—John Paul, 261;* J. C. Campbell, 96; Return Inspectors—Thomas H. Bigelow, 230;* R. H. Wilson, 113; Constable—J. S. Richardson; (no opposition.) Mr. Wm. N. Ogden and T. P. Houston, members of the present City Councils, were not candidates for re-election. The ticket nominated is considered a very good one and affords the liveliest satisfaction.

Sixteenth Ward Nominations.

The Republicans of the Sixteenth ward held their primary meeting yesterday, at which the following ticket was nominated:

Select Council—Samuel McKinley.
Common Council—Roland H. Smith, George Nesenthaler.
School Directors—James Atkinson, Wm. Orford.
Assessor—Henry Stork.
Assistant Assessor—John Robb.
Judge of Election—Noah G. Craig.
Inspector—A. B. Boal.
Return Inspector—Henry A. George.
Constable—Frank Garling.

A Good Motto Well Displayed.

One of the neatest and best designs of sign painting to be found in the city, arrests the eye of the passer on Liberty street at the corner of Ninth (late Hand) street, which, while in itself worth attention as a work of artistic merit, displays the true motto that "the best is the cheapest." It is needless to say to our readers that at Mr. Renshaw's well known establishment are to be found the best of goods, and you have only to test them by a small purchase to be convinced that they are the cheapest in the city. A large and fresh stock from the East is just coming in store, and as the season is just at hand for laying in winter supplies, we can do our readers no better service than advise them to give him an early call.

Suicide.

Joseph Thompson, Janitor of the Birmingham Public School House, committed suicide yesterday about eight o'clock A. M. by shooting himself with a revolver. It appears that he attended to his duties at the school house as usual in the morning, after which he returned to the residence of his mother, on Franklin street, where he made his home. Shortly after, the report of a pistol was heard in the privy, and some of the neighbors went to ascertain the cause, and found the door fastened and went away again. A few moments after another report was heard from the same place and the door was then forced open, when the body of Thompson was found lying on the floor quite dead, with a pistol shot wound in the left side, near the heart, and another through the head. Deceased was a single man, about twenty-five years of age and leaves a widowed mother. It appears that he had always been subject to epileptic fits, in consequence of which his mind was weak and predisposed to insanity. He had accumulated considerable property which, it has been ascertained, he willed to an old German lady in Birmingham, leaving his mother, who was very poor and dependent upon him for support, without a cent.

"Gratitude to Dr. Hall, of Grant Street."

I was sick six months with what my family physician called consumption. I had several doctors, and was given up to die by all of them, as they said there was no hope of recovering. I coughed from eighteen to twenty-four hours per day. I was completely emaciated, my limbs were cold to the knees, my feet had commenced to swell, I had lost the power of one side entirely, had not laid on one side or back for three months. The side I lay on the hip bone and elbow had come through the skin. I was so low and feeble I had to be handled like a child, and had not been off my bed for four months without assistance; my chest was so racked with pain I could not get any sleep, except under the influence of opium. In this dying condition I sent for Dr. Hall, of Grant street, who cured me in twelve weeks, that I am able to do my house work. I am enjoying better health than I have for three years, for which I praise the Lord for this wonderful deliverance. I feel in duty bound to make this statement public, that others who are suffering may know where to get relief. Elizabeth Carter, 211 Webster street. Dr. Hall's office 69 Grant street.

The following ticket was put in nomination by the citizens of the Borough of Mt. Washington, on Tuesday evening last.

School Directors.—Sterley Cuthbert, Wm. Halpin.
Judge of Elections.—Fred Boehmer, Christ Wilbert.

Auditors.—R. H. Armstrong, Jacob Soffel.

It gives a soft, refined, satin-like texture to the Complexion, removes Roughness, Redness, Blotches, Sunburn, Tan, &c., and adds a tinge of Pearly Bloom to the plainest features. It brings the Bloom of Youth to the fading cheek and changes the rustic Country Girl into a Fashionable City Belle.

NEWS BY CABLE.

The Spanish Cortes Suspend the Constitutional Guarantees—Republican Deputies Resign—Several Combats Between the Insurgents and Government Troops—Safety of Dr. Livingstone—Mexican Pronunciamento.

[By Telegraph to the Pittsburgh Gazette.]

SPAIN.

MADRID, October 7.—The Cortes yesterday passed the bill suspending the constitutional guarantees during the insurrection. The Republican Deputies refuse to participate any longer in the deliberations of the Chamber.

The Insurgents who retreated from Reus were defeated by Gen. Baldarick with a loss of eighty killed, three hundred wounded and many prisoners.

The troops lost twenty-three killed and wounded.

It is officially stated that combats have taken place between the National troops and Republican insurgents in Catalonia, Aragon, Old Castle, and Andalusia, and that so far the troops have been victorious. At La Carolina and Grenada the Republicans destroyed the barracks and made prisoners of the Civil Guards.

The reports in regard to the embarkation of troops for Cuba are contradicted. Some say it continues notwithstanding the trouble at home, and others have it that orders have been received at Cadiz suspending for the present, preparations for the departure of reinforcements.

FRANCE.

PARIS, October 7.—The *Rappel* assures its readeas to-day that the Deputies of the Left will proceed on the 26th of October to the Bureaux of Corps Legislatifi, and sign a protest, declaring that the Emperor has violated the Constitution and they consider themselves absolved thereby from their oaths of fidelity to him.

Deputy Keratry publicly announces that he will not go to the Legislative Chamber on the 26th inst.

DENMARK.

COPENHAGEN, October 5.—The Rigstag was opened by the King to-day. In his speech, the king declared that his confidence in the justice of the well-understood interests of Denmark and Prussia was so firm, he had hopes that the Prussian government would adopt his views and consent to an arrangement which would result in perpetual friendship.

PRUSSIA.

BERLIN, October 7.—In the diet to-day the presiding officers of the last diet were re-elected.

The ministeral journals intimate that the visit of the Crown Prince to Venna, is important as an indication of the restoration of friendly relations between Prussia and Austria.

GREAT BRITAIN.

LONDON, October 7.—Additional, though no later news, has been received of Dr. Livingstone. He was seen fourteen months ago by an Arab at lake Tauganyka. The Arab says he was going towards the west, and was probably endeavoring to reach Congor. There was no doubt of his safety at Zanzibar.

CINCINNATI.

Indictment Lost—A Copy Substituted and the Trial Proceeds.

[By Telegraph to the Pittsburgh Gazette.]

CINCINNATI, October 7.—The United States Circuit Court was this morning engaged in hearing the argument of counsel on the motion to quash the indictment in the case of the United States vs. Daniel G. Dustin et al., whisky dealers, charged with conspiracy to defraud the United States. Indictments in a number of cases were lost or stolen from the files, the indictment of the United States vs. Dustin et al. among them. The loss was not discovered until defendants were called to plead. The District Attorney thereupon moved the Court to order the substitution of a certified copy of the indictment, and the defendants be required to plead. The motion was opposed by Judge Sloan and Gen. Barrett, for defendants. The Court granted the motion, holding that where an indictment was lost or destroyed, the Court might properly order a substitution of a copy and the accused be arraigned and tried on the copy.

Vice President Colfax Among the Mormons—He Makes Them a Speech.

[By Telegraph to the Pittsburgh Gazette.]

BRYON, U. T., October 6.—According to the views of the older citizens of Salt Lake, Tuesday night was one of the most marked occasions ever witnessed in the city. Vice President Colfax, who, with his party, had been there for the two days previous, was serenaded by the band from Camp Douglass. In response to repeated calls, the distinguished gentleman addressed an immense crowd in front of the Townsend House, in the course of which he gave his views on the subject of poligamy.

He quoted the Book of Mormon and proved, at least to the satisfaction of his gentile auditors, that the whole thing was unwise and illegal, and ought to be abolished.

He was followed by Gov. Bross, of Illinois, who fully endorsed the arguments of the Vice President. Such freedom of speech from such sources and on such a subject has never before, it is claimed, been discussed in that city.

These gentlemen, it is said, will be handled without mittens in the Mormon Conference, now in session in this city.

Mr. Colfax and party, with the exception of Governor Bross, left for the East on Wednesday morning, all in the best of health and spirits.

—Alemy, Archbishop of California, left for Rome on Wednesday to attend the Ecumenical Council. He carries a gold snuff-box filled with gold coin, as a present to his Holiness the Pope.

RICHMOND.

Organization of the Legislature—Governor Walker's Message—He Counsels the Adoption of the 15th Amendment.

[By Telegraph to the Pittsburgh Gazette.]

RICHMOND, Oct. 7.—In the Senate, the protest of the Republican caucus against the legality of that body was taken up and read at length. It announces that the Republican members reserve to themselves the right at any time to secede from the present Legislature and organize by themselves a legal and loyal Legislature. The Senate voted to lay it on the table. In the discussion a Republican said he regarded those who joined in making their protest as representing the Administration and Congress until the President and Congress should decide otherwise was announced.

General Canby had replied to the Committee of the Legislature which waited on him. He had no communication to make.

Governor Walker sent in a message on the Fifteenth Amendment. He says the people of this Commonwealth, at the late election, by an overwhelming majority, accepted and adopted the principle sought to be incorporated into the Constitution by this amendment, viz: The civil and political equality of all men before the law. The well known honor and integrity of the people of Virginia forbid even the supposition that they would fail to adhere to and maintain, while necessary and possible, any principle to which they had yielded their adherence. Virginia always fulfils with most ample good faith all her pledges; but our people, by their action, have not only placed the political rights of all our citizens on a firm and enduring basis they have accomplished much more,—they have increased prospectively the power and influence of our State in the National Council by providing the basis of representation under the 14th article of the Constitution of the United States. When in any State the right of sugrage is abridged, except for crime, the basis of representation must be reduced in a corresponding proportion. Although we have wisely settled this question so far as our State is concerned, and banished from the theatre of State politics this prolific source of irritation and discord, there is reasonable ground for apprehension that if the Fifteenth Amendment should fail of adoption, as a part of the Federal Constitution, our State may be flooded with, and the control thereof pass into the hands of a class of emigrants from the great States lying upon or near our border, who will seek the enjoyment of those civil or political rights accorded to them here, but denied to them there. Self protection, therefore, demands that we do our part towards securing the ratification of that amendment. Our interests require it—our faith is pledged to it.

He considers the election of Senators clearly a requisite to admission, and adds: Complete restoration is accomplished by the admission to representation in Congress, and there can be no question that admission to representation may, to some extent, depend on the representatives elected. While the the election of Senators would fully complete every preparation necessary for the prompt admission of the State to representation in both Houses of Congress, the election of suitable men for those exalted positions would unmistakably demonstrate the sincority of our past action and afford a sure guaranty of our intentions and purposes for the future.

In conclusion he says: Permit me to congratulate you upon the progress already made towards the restoration of the State to civil government. Its good effects are already visible everywhere within the State. Confidence is being restored, commerce is reviving, mining and manufacturing enterprises are being organized, capital is seeking investment in our public improvements, and in our rich agricultural and mineral lands, and above all and more gratifying than all, joy and hope are taking the place of gloom and despondency. Peace and prosperity are once more dawning upon our desolate land. Conscious of the rectitude of our own acts, motives and intentions, and relying on the continued favor of the Almighty Disposer of human events, let us grapple with the living present, and confidently hope for a glorious future for the Commonwealth.

RICHMOND, Va., October 7.—The legislature adjourned after reading the Governor's message. The Governor, in his message, expresses the conviction that the legislature would ratify the Fifteenth Amendment voluntarily, even if it was not a requisite to admission. He recommends the appointment, at this session, of standing committees, in view of the fact that the educational and judiciary systems must be remodeled and placed in harmony with the constitution, and that internal improvements demand the greatest consideration.

A caucus of Conservative members to-night resolved to adopt the 14th and 15th amendments at once.

In Joint Committee on the Governor's Message to-day, a proposition, to add to the bill passing the 15th amendment a clause showing that it was requisite to the admission of the State, was rejected, only two of the Committee voting for it.

To-morrow an amendment will be offered in the House to make the adoption of the Fifteenth Amendment constitutional on the admission of the State. This proposition had no friends in the caucus to-night.

NEW YORK CITY.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, October 7, 1869.

Rev. James Porter, late assistant agent of the Methodist Book Concern, prints a defence against the late aspersions thrown upon him by the publication of the rumored defalcation in the concern. Dr. Porter conclusively refutes all the imputations of improper dealings with any one during his official connection with the concern, and shows that he never bought a pound of paper while tnere, all purchases of this nature having been made by Mr. Goodenough, the Superintendent Printer. Also, that he never bought a penny worth's of supplies for the bindery, and that his son never, to his knowledgn, made any purchase of paper for the concern. Dr. Porter proves that instead of defrauding the concern, he for several years expended a thousand dollars a year out of his private funds to meet his family expenses, besides performing thousands of dollars worth of extra literary service to aid the concern out of embarrassments, amounting to $170,000, brought about by the division of the capital stock with the Church South. Dr. Porter says if it can be proved that he took one penny of commissions on purchases for the concern, he is willing to be branded as a thief and robber. But no such charge has as yet eminated from the concern; but the rumors, which have probably come from outside parties, have necessitated this denial.

Thomas C. Hillhouse has declined the Republican nomination for Comptroller.

The Republican State Committee to-day nominated Gen. Sigel for Secretary of State and it is understood he has accepted.

Arguments were heard to-day by Judge Cardozo in one of the gold injunction cases, but the decision is not given.

Rumor speaks of another "bull" movement in the gold market.

The land wires connecting with the Atlantic Cable at Heart's Content, which were prostrated by the great storm in the east, have been repaired and communication with Europe, by English Cable is resumed.
